All That Jazz:

All That Jazz Ethan Mordden,2018-06-01 In 1975 the Broadway musical Chicago brought together a host of memes and myths the gleefully subversive character of American musical comedy the reckless glamour of the big city newspaper the mad decade of the 1920s the work of Bob Fosse and Gwen Verdon two of the greatest talents in the musical s history and the Wild West gangsterville that was the city of Chicago itself The tale of a young woman who murders her departing lover and then tricks the jury into letting her off Chicago seemed too blunt and cynical at first Everyone agreed it was show biz at its brilliant best yet the public still preferred A Chorus Line with its cast of innocents and sentimental feeling Nevertheless the 1996 Chicago revival is now the longest running American musical in history and the movie version won the Best Picture Oscar As author Ethan Mordden looks back at Chicago s various moving parts including the original 1926 play that started it all a sexy silent film directed by Cecil B DeMille a talkie remake with Ginger Rogers the musical itself and at last the movie of the musical we see how the American theatre serves as a kind of alternative news medium a town crier warning the public about the racy devious interior contradictions of American society Opinionated witty and rich in backstage anecdotes All That Jazz brings the American Musical to life in all its artistry and excitement *All that Jazz* Martin Mahlaba,Joe Thloloe,Zakes Mofokeng,2008

High Concept Justin Wyatt, 1994 Steven Spielberg once said I like ideas especially movie ideas that you can hold in your hand If a person can tell me the idea in twenty five words or less it's going to make a pretty good movie Spielberg's comment embodies the essence of the high concept film which can be condensed into one simple sentence that inspires marketing campaigns lures audiences and separates success from failure at the box office This pioneering study explores the development and dominance of the high concept movie within commercial Hollywood filmmaking since the late 1970s Justin Wyatt describes how box office success always important in Hollywood became paramount in the era in which major film studios passed into the hands of media conglomerates concerned more with the economics of filmmaking than aesthetics In particular he shows how high concept films became fully integrated with their marketing so that a single phrase Just when you thought it was safe to go back in the water could sell the movie to studio executives and provide copy for massive advertising campaigns a single image or a theme song could instantly remind potential audience members of the movie and tie in merchandise could generate millions of dollars in additional income
