(South Africa). Department of Education, 2017 *The Rise of English* Rosemary Salomone, Rosemary C. Salomone, 2022 A

sweeping account of the global rise of English and the high stakes politics of language Spoken by a quarter of the world's

population English is today's lingua franca its common tongue The language of business popular media and international

politics English has become commodified for its economic value and increasingly detached from any particular nation This

meteoric rise of English has many obvious benefits to communication Tourists can travel abroad with greater ease Political

leaders can directly engage their counterparts Researchers can collaborate with foreign colleagues Business interests can

flourish in the global economy But the rise of English has very real downsides as well In Europe imperatives of political

integration and job mobility compete with pride in national language and heritage In the United States and England English

isolates us from the cultural and economic benefits of speaking other languages And in countries like India South Africa

Morocco and Rwanda it has stratified society along lines of English proficiency In *The Rise of English* Rosemary Salomone

offers a commanding view of the unprecedented spread of English and the far reaching effects it has on global and local

politics economics media education and business From the inner workings of the European Union to linguistic battles over

influence in Africa Salomone draws on a wealth of research to tell the complex story of English and ultimately to argue for

English not as a force for domination but as a core component of multilingualism and the transcendence of linguistic and

articulate the larger phenomenon of human rights violations in Africa and how in turn the discourse of human rights informs

the ways in which we articulate interrogate conceptualise enact and interpret quality education The book also wrestles with

the linguistic contradictions and ambiguities in the articulation of quality education in public and private spaces This book is essential reading for scholars seeking a solid grounding in exploring quality education the instances of epistemic disobedience the political implications of place and power and human rights in theory and practice *Annual Performance Plan* Mpumalanga (South Africa). Department of Education, 2016 Suid-Afrikaanse Hofverslae, 2014 Promoting effective enforcement of the prohibition against corporal punishment in South African schools Faranaaz Veriava, 2014-06-13 The prohibition against corporal punishment is an integral part of the broader transformation of South African education The prohibition seeks to replace South Africa's violent and authoritarian past with an ethos respectful of human dignity and bodily integrity **Mud to bricks: A review of school infrastructure spending and delivery** Carmen Abdoll, Conrad Barberton, 2014-07-04 The Centre for Child Law commissioned this study by Cornerstone Economic Research to track school infrastructure spending and delivery The report written by Carmen Abdoll and Conrad Barberton makes the concerning finding that the national Department of Basic Education has woefully underspent the School Infrastructure Backlog grant for two years running In 2011 2012 spending was a little over 10 per cent and only at 23 per cent in 2012 2013 at the end of the third quarter The ASIDI target for the number of schools to be built in 2011 2012 and 2012 2013 was 49 However only 10 had been completed by the end of the first year They predict that if the DBE continues at the same delivery rate a realistic timeframe for the eradication of schools with inappropriate structures is probably 2023 24 They make recommendations which if followed could shorten the delay significantly This study shows the importance of monitoring and evaluating progress against court orders and out of court settlements to ensure that the right to a basic education is made real

Dictionary of Southern African Place Names Peter E Raper, Lucie A Moller, Theodorus L du Plessis, 2014-12-08 The Dictionary of Southern African Place Names now in its 4th edition helps you sort your Komkhulu from your Kommetjie with the most comprehensive glossary of Southern African towns villages railway stations mountains rivers and beaches The 9 000 short entries incorporate data from sources dating as far back as 1486 encapsulating the linguistic and cultural heritage of all the peoples of the subcontinent past and present In this highly readable book the expert authors take you on a fascinating journey of the highways and byways of Southern Africa Whether you are a motorist an adventurer or merely an armchair traveller this book has a multitude of facts and details that will fascinate you This is much more than a reference book it gives an insight into what shapes a place and its people through our heroes events beliefs values fears and aspirations **Food and Nutrition Security in Southern African Cities** Bruce Frayne, Jonathan Crush, Cameron McCordic, 2017-12-22 Urban population growth is extremely rapid across Africa and this book places urban food and nutrition security firmly on the development and policy agenda It shows that current efforts to address food poverty in Africa that focus entirely on small scale farmers to the exclusion of broader socio economic and infrastructural approaches are misplaced and will remain largely ineffective in ameliorating food and nutrition insecurity for the majority of Africans Using original data from the African Food Security Urban Network s AFSUN extensive database it is demonstrated that the primary food security challenge for urban households is access to food Already linked into global food systems and value chains Africa s supply of food is not necessarily in jeopardy Rather the widespread poverty and informal urban fabric that characterizes Africa s emerging cities impinge directly on households capacity to access food that is readily available Through the analysis of empirical data collected from 6 500 households in eleven cities in nine countries in Southern Africa the authors identify the complexity of factors and dynamics that create the circumstances of widespread food and nutrition insecurity under which urban citizens live They also provide useful policy approaches to address these conditions that currently thwart the latent development potential of Africa s expanding urban population Borders, Media Crossings and the Politics of Translation Pier Paolo Frassinelli, 2019-07-02 This book examines concepts of the border and translation within the context of social and cultural theory through the lens of southern Africa Borders Media Crossings and the Politics of Translation studies a diverse

range of media representations of borders imagined borders border struggles collectivity boundaries and scenes of translation films documentaries literary texts photographs websites and other media texts and artistic interventions The book makes a case for bringing together media texts and sociocultural experiences across multiple platforms It argues that this transdisciplinary approach is singularly suited to the age of media convergence when words speech music videos and images compete for attention on the screens of digital devices where the written oral aural and visual are constantly mixed and remixed But it also reminds the reader of the digital divides linked to socioeconomic cultural language and geopolitical borders With its focus on sociocultural borders and translation this book will be of interest to scholars and students of media studies African studies and cultural studies *Top Companies* ,2007
