A Walking Shadow:

A Walking Shadow Teel James Glenn, Lissanne Lake, 2025-09-04 It is the year 1939 and Adam Paradise the creature of the Frankenstein legend made real has returned to civilization to discover his place in the world While enjoying a pleasant evening of moviegoing in Chinatown with his friend Hank they end up in the middle of a brazen robbery Adam thwarts the holdup which puts him on the hit list of not only the Tongs but Yakuza killers the Italian mob and a mysterious mastermind bent on starting an ethnic gang war With his faithful Roma secretary Vandoma Kalderash he and Hank are soon plunged into a whirlwind of ambushes and deadly double crosses The patchwork private eye also discovers a level of reality beyond the material world that shakes the foundations of all his beliefs Can he defeat the unseen forces of this evil without losing the very humanity he is trying to attain And who or what is Daitengu a creature that knows his deepest secrets Signergy C. J. Conradie, Ronèl Johl, Marthinus Beukes, 2010 The title of this volume strives to capture the dynamic scope and range of the essays it contains applying insights into the workings of iconicity to texts as far removed from each other in time as the Medieval tale of a bishop fish and the war poems of 20th century Italian Futurist F T Marinetti and as thematically diverse as the Pilgrim's Progress and the poetry of e e cummings Applications reference both language and linguistics as well as literature and literary theory and related fields such as sign language and translation the former approached from the point of view of Japan Sign Language the latter with reference to translations of the Koran and the Sesotho Bible as well as modern German and English Bible translations On the language side the intricate relationships between sound symbolism and etymology and between analogy and grammaticalization are examined in depth On the literary side the iconic effects of techniques such as enjambment and metrical inversion are considered but also the ways in which an understanding of iconicity can open up meanings in complex poetry like that of the Afrikaans poet T T Cloete in this particular instance three poems inspired by figures as diverse as Dante Paul Klee and the pop icon Marilyn Monroe In view of the fact that form is able to mime meaning and meaning itself can be mimed by meaning the theoretical question is asked on the basis of a wide range of examples from literature language music and other sign systems whether meaning can also mime form An introduction to the work of H C T Muller an early scholar in the field of iconicity highlights a regrettably little known South African contribution to the development of iconicity theory But A Walking Shadow Thomas Wegner, 1972 **Grasping Shadows** William Sharpe, 2017 Grasping Shadows offers the most thorough examination of the cultural uses of shadows Exploring a myriad of major literary and artistic evocations of shadows Grasping Shadows puts forth a unifying theory for how shadows function and how they transformed our relationship to darkness and light **The Prince's Shakespeare** William Shakespeare, D.
