A Woman S Weakness:

A Weak Woman in a Strong Battle Jennifer Lillian Lodine-Chaffey, 2022-08-30 The reception of women s speeches Jennifer Lodine Chaffey argues depended on their performances of accepted female behaviors and words as well as physical signs of interior regeneration Indeed when women presented themselves or were represented as behaving in stereotypically feminine and virtuous ways they were able to offer limited critiques of their fraught positions in society The first part of this study investigates the early modern execution including the behavioral expectations for condemned individuals the medieval tradition that shaped the ritual and the gender specific ways English authorities legislated and carried out women s executions Depictions of the female body are the focus of the second part of the book The executed woman s body Lodine Chaffey contends functioned as a text scrutinized by witnesses and readers for markers of innocence or guilt *Messiah in Weakness* Yung Suk Kim, 2016-05-27 Yung Suk Kim raises a perennial question about Jesus How can we approach the historical Jesus Kim proposes to interpret him from the perspective of the dispossessed through the eyes of weakness Exploring Jesus s experience interpretation and enactment of weakness understanding weakness as both human condition and virtue Kim offers a new portrait of Jesus who is weak and strong and empowered to bring God s rule replete with mercy in the here and now Arguing against the grain of tradition that the strong Jesus identifies with the weak Kim demonstrates that it is the weak Jesus who identifies with the weak The paradoxical truth with Jesus is Because he is weak he is strong In the end Jesus dies a death of paradox that reveals both his ultimate weakness that demands divine justice and his unyielding spirit of love for the world and truth of God The "weak" Subject Serena Anderlini-D'Onofrio, 1998 Focusing on the work of twentieth century women playwrights this book recuperates for feminism the notions of realism and mimesis and proposes new readings of modern women s plays It claims that modern women playwrights establish a new form of mimesis Drawing on theories of French feminist Luce Irigaray the author calls this dramatic structure labial mimesis marks its difference from the traditional structure based on a male hero and emphasizes its hospitality to the representation of trust love friendship and erotic intimacy among women She offers a fresh perspective in the lively debate about the viability of realism for feminist writing **Longing, Weakness and Temptation** Irena Avsenik Nabergoj, Jason Blake, 2009-01-14 The themes of longing weakness and temptation are relevant to every human and are interwoven with all fundamental ideals and values of the created rational being Temptation is all the more dramatic the broader the perspective of recognition the power of human longing and the sense of the difference between good and evil This book is a summary of a study which compares and contrasts Slovenian and European literary works created under the influence of biblical source texts Adam and Eve Joseph from Egypt Samson and Dalilah etc and the works of other known and unknown origins Homer s Iliad Goethe s Faust various versions of the myth of the Fair Vida etc The ascribing of a text to a genre provides the interpreter of the text with a key intertextual framework and with a system of references to other books other texts other literary statements The intertextual

approach is obviously appropriate to the study of contents symbols and forms of literary works It shows how the source text continues to speak through the new work and how the new work forces new meanings from the source text Later writers use important themes with a historical sense when aiming toward a better understanding of authenticity of human existence

José De Lacerda,2023-02-22 Reprint of the original first published in 1871 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost *The Case for Women in Medieval Culture* Alcuin Blamires,1998-08-27 Misogyny is of course not the whole story of medieval discourse on women medieval culture also envisaged a case for women But hitherto studies of profeminine attitudes in that periods culture have tended to concentrate on courtly literature or on female visionary writings or on attempts to transcend misogyny by major authors such as Christine de Pizan and Chaucer This book sets out to demonstrate something different that there existed from early in the Middle Ages a corpus of substantial traditions in defence of women on which the more familiar authors drew and that this corpus itself consolidated strands of profeminine thought that had been present as far back as the patristic literature of the fourth century The Case for Women surveys extant writings formally defending women in the Middle Ages breaks new ground by identifying

a source for profeminine argument in biblical apocrypha offers a series of explorations of the background and circulation of central arguments on behalf of women and seeks to situate relevant texts by Christine de Pizan Chaucer Abelard and Hrotsvitha in relation to these arguments Topics covered range from the privileges of women and pro Eve polemic to the social and moral strengths attributed to women and to the powerful models frequently disruptive of patriarchal complacency presented by Old and New Testament women The contribution made by these emphases which are not to be confused with feminism in a modern sense to medieval constructions of gender is throughout critically assessed and the book concludes by asking how far defenders were controlled by or able to query assumptions about what was natural and therefore imagined inflexible in gender theory *The Irish Monthly* ,1890
