A Search For Israel:

Israel in Search of War Motti Golani, 1998-01-01 This volume examines the events of the Sinai Campaign of 1955-56. The Suez Crisis and the Sinai Campaign were the final stage in a process rather than an autonomous episode. **In Search of "Ancient Israel"** Philip R. Davies, 1992-06-01 The appearance in 1992 of *In Search of Ancient Israel* generated a still raging controversy about the historical reality of what biblical scholars call Ancient Israel. But its argument not only takes in the problematic relationship between Iron Age Palestinian archaeology and the biblical Israel but also outlines the processes that created the literature of the Hebrew Bible: the ideological matrix, the scribal milieu and the cultural adoption of a national literary archive as religious scripture as part of the process of creating Judaism. While challenging the whole spectrum of scholarly consensus about the origins of Israel and its scriptures, it is written more in the style of a textbook for students than a monograph for scholars because its author believes it offers an agenda for the next generation of biblical scholars. In this reader-friendly polemic, Davies brilliantly addresses an essential issue and at numerous points represents a vanguard in biblical studies. Robert B. Coote, *Interpretation*. A rich mine of provocative quotations will provoke considerable opposition and debate and deserves to be read and reflected on by all biblical scholars. Keith Whitlam, *SOTS Book List*. **Intellectual Property Law and Practice in Israel** Eran Liss, Dan Adin, 2012-05-31 *Intellectual Property Law and Practice in Israel* provides a comprehensive overview of Israeli intellectual property laws and an in-depth analysis of the pertinent case law. *Israel on the Internet*, 1999. *Scripture Guide in a Search After the Ten Tribes, Or the "Whole House of Israel" ...* By M. M. M. [Texts from the Bible.] M. M. M., 1876. **The Search for Order** W. J. Dumbrell, 2001-10-29 The Bible's eschatological framework is spread across the table for all to see in *The Search for Order*, showing the unfolding of God's total plan for history, not just the last days. In a world disordered by sin, Scripture describes God's goal as a reordering of corrupted creation according to William J. Dumbrell. The author takes into account current positions as he looks for the big eschatological picture with the same thorough approach to biblical theology he brought to *The End of the Beginning* and *Covenant and Creation*. In the resulting thematic survey, students are allowed to draw their own conclusions about the Bible's overall position on the climactic scenes of history. Ultimately, they learn to conceive of eschatology less as an expectant construction of future events than as a theological approach to comprehending what God is doing today. **Women and the Israeli Occupation** Tamar Mayer, 2003-09-02 The state of Israel and the Palestinian nation are at a monumental juncture in their histories. Both have a chance to claim a new future, but more than a quarter of a century of occupation has had significant social, political, economic, cultural, psychological, and moral ramifications for Israeli and Palestinian men and women. *Women and the Israeli Occupation* analyses the impact of the occupier-occupied dichotomy on the lives of Palestinian, Israeli, and Jewish women. The book argues that the Occupation has exposed internal conflicts, challenging social structures within all three societies, but has also reinforced existing loyalties as Palestinian and Jewish women have moved

into public political action and worked together to end the Occupation It suggests that although military occupation is not colonialism there are many similarities in the Israeli Palestinian case *Israel's Holocaust and Resurrection* Thomas Pelham Gross,2009 Only one of its kind Devotionals for Holocaust proofing by Resurrection Power Is there a connection between today s startling rise of terrorism natural calamities violence wars and the Holocaust This book plainly says there is If you ask why a good God lets bad things happen you ll see how God is powerful enough and loving enough to bring forth the best for his family out of their worst experiences Israel through her Holocaust is revealed as God s linchpin for all nations This book details God s relationship plan for Christians for the church for Israel and for Messianic or Completed Jews Its thesis is direct and simple we can walk together in love where none have walked before A mindset that can handle the Holocaust from God s perspective will sustain us through inevitable dark times ahead ushering us into a fresh reassuring and eternal joy of God s everlasting kingdom on earth Pelham Gross grew up on the family farm and studied at Mississippi State 51 and New Orleans Baptist Theological Seminary 55 He was filled with the Spirit in 1962 and served as a pastor prophet and teacher in one of the first non denominational Spirit filled movements He helped lead a church into racial reconciliation during the sixties in Memphis Tennessee Pelham and wife DeDe are caught up in an ongoing Israel experience with God that has already filled two books this one being the third They worshipped and studied for three years at The International House of Prayer Kansas City under Mike Bickle and took classes under Messianic Rabbi Jerry Feldman They stand with Messianics in Israel through Dr Daniel Juster and Tikkun Ministries International They now live in Boonville Missouri and share revelation on [www IsraelOwnsTheChurch.com](http://www.IsraelOwnsTheChurch.com) pdeagles@sbcglobal.net **Trusting and Toiling on Israel's Behalf** ,1898 [The Archaeology of Israel](#) Neil Asher Silberman,David B. Small,1997-03-01 This challenging volume offers a timely and extensive overview of the current state of archaeology in Israel Contributed by leading scholars the essays focus on current problems and cutting edge issues ranging from reviews of ongoing excavations to new analytical approaches Of interest not only to archaeologists but to social historians as well the topics include archaeology and social history archaeology and ethnicity as well as the overarching issue of how texts and archaeological knowledge are to be combined in the reconstruction of ancient Israel
