Bethea, 2013-04-03 A comprehensive examination of the fiction and poetry of Raymond Carver **Tales of Psychology** Alma Bond, 2002-08-27 Tales of Psychology consists of 19 short stories selected for their insight into human nature and their merit as fine works of literature Each story is followed by a discussion of the psychological principles revealed Reading this book will be a unique opportunity for lay readers and professional psychologists and writers alike to deepen their knowledge of human psychology Tales of Psychology demonstrates that artists can learn the psychological understructure of their characters from the insight of an experienced psychologist Similarly the stories establish that lay people can absorb the teachings of these master writers in a captivating painless manner The conclusions reached in the stories beat out the findings of insightful psychology in a manner interesting to all From publisher's description Conversations with Raymond Carver Raymond Carver, 1990 The twenty five interviews gathered here several available in English for the first time include craft interviews biographical portraits self analyses wide ranging reflections on the current literary scene Raymond Carver in the Classroom Susanne Rubenstein, 2005 Provides biographical information detailed discussion of certain short stories and poems and innovative activities for students A Study Guide for Raymond Carver's "A Small, Good Thing" Cengage Learning Gale, 2017-07-25 A Study Guide for Raymond Carver's A Small Good Thing excerpted from Gale's acclaimed Short Stories for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Short Stories for Students for all of your research needs **Raymond Carver's Short Fiction in the History of Black Humor** Jingqiong Zhou, 2006 This first book length study on the black humor in Raymond Carver's work includes valuable interpretations of Carver's aesthetics as well as the psycho social implications of his short fiction The presence of an indeterminate menace in the oppressive situations of black humor in Carver as compared to a European tradition of existentialist writing and his American predecessors including Twain Heller Barth and others is mitigated through humor so it is not dominant As a result a subtle promise emerges in the characters lives *Prophets of the Posthuman* Christina Bieber Lake, 2013-09-30 Prophets of the Posthuman provides a fresh and original reading of fictional narratives that raise the question of what it means to be human in the face of rapidly developing bioenhancement technologies Christina Bieber Lake argues that works by Nathaniel Hawthorne Walker Percy Flannery O'Connor Toni Morrison George Saunders Marilynne Robinson Raymond Carver James Tiptree Jr and Margaret Atwood must be reevaluated

in light of their contributions to larger ethical questions Drawing on a wide range of sources in philosophical and theological ethics Lake claims that these writers share a commitment to maintaining a category of personhood more meaningful than that allowed by utilitarian ethics Prophets of the Posthuman insists that because technology can never ask whether we should do something that we have the power to do literature must step into that role Each of the chapters of this interdisciplinary study sets up a typical ethical scenario regarding human enhancement technology and then illustrates how a work of fiction uniquely speaks to that scenario exposing a realm of human motivations that might otherwise be overlooked or simplified Through the vision of the writers she discusses Lake uncovers a deep critique of the ascendancy of personal autonomy as America's most cherished value This ascendancy coupled with technology's glamorous promises of happiness helps to shape a utilitarian view of persons that makes responsible ethical behavior toward one another almost impossible Prophets of the Posthuman charts the essential role that literature must play in the continuing conversation of what it means to be human in a posthuman world

The Short Story Charles May, 2013-10-14 The short story is one of the most difficult types of prose to write and one of the most pleasurable to read From Boccaccio's Decameron to The Collected Stories of Reynolds Price Charles May gives us an understanding of the history and structure of this demanding form of fiction Beginning with a general history of the genre he moves on to focus on the nineteenth century when the modern short story began to come into focus From there he moves on to later nineteenth century realism and early twentieth century formalism and finally to the modern renaissance of the form that shows no signs of abating A chronology of significant events works and figures from the genre's history notes and references and an extensive bibliographic essay with recommended reading round out the volume
