

The Surprise Party

The Surprise Party At eight o'clock of the evening of my lucky birthday, I was alone at home grumbling and frowning, shouting furiously and pitying myself for my misfortune. I thought it was going to be a special day filled with presents and fun, but all I received was a "Happy Birthday". All of a sudden, the electricity cut off and there was a complete darkness in the house. I couldn't do anything therefore I decided to go to sleep and end this unlucky day. Out of the blue in that quiet night, I heard a sudden noise coming from downstairs.

I was startled and terribly shocked. I suspected that someone broke into the house. Immediately, I tried to phone my parents, but I had no answer. I phoned the police but my mobile was without credit! After a couple of minutes of fear, I started to calm down. Although in the meantime I heard more noises of people talking, I made some courage and started heading for the basement. As I slowly reached more and more the basement, I guessed there were more than one person, but I found it hard to believe.

There couldn't be a lot of people in our basement! Courageously, I opened the door of the basement. There was a complete darkness. There wasn't a single noise. However, as I approached, I heard some laughter and confirmed that there were people. All of a sudden, the lights were on and there were my parents and friends cheering at me. It was a surprise party!! On a table where there were the cake and the food, there were the precious presents that I wished for a long time.

The Myth of the Shiksa and Other Essays Edwin H. Friedman, 2008 Why did I give advice to Eve instead of going directly to Adam I knew I would never be able to stop the Creator's overall plan but I thought I might really be able to frustrate it if I could screw up some relationships So speaks Satan as The First Family Counselor in this new collection of Edwin Friedman's most popular essays edited by his daughter Shira Friedman Bogart Friedman's signature wit and playfulness goes straight to the heart of human relationships from one generation to another Throughout his life Friedman eloquently applied the insights of family therapy to churches and synagogues rectors and rabbis politicians and teachers and his humor sense of paradox and unique style of storytelling were trademarks of his teaching style *Expanding Earth (A Novella) and Genesis as Metaphor (An Essay)* Norman Nathan, 2015-09-04 Expanding Earth a novella Family members recall Dr Nathan talking about the work's futuristic vision of planet Earth's biosphere being so burdened with the densest ever human population that conditions require most people to live a subterranean existence There simply is insufficient above ground dry land capacity to accommodate all members of the species at ground level Dr Nathan believed that the story could support an engaging entertaining and provocative movie given its context set in an earth that is more overpopulated than imagined in any other book The novella was intended as a satirical warning of Malthusian eventualities if humans continue to fail to take control of their potential fate In a 2004 letter Dr Nathan described the book as dealing with a problem that is worldwide The writing is plot driven and contains a wide variety of characters Many readers will find in it an underlying satire of current events Genesis as Metaphor an essay Dr Nathan enjoyed teaching a university and life long learning course titled The Bible as Literature He had observed that most authors writing about the Bible appeared to be bound by a particular religious belief system and were much less interested in the Bible as a literary tome than as religious doctrine He was sympathetic to presenting Catholic Jewish Protestant Islamic and Fundamentalist interpretations as part of the course but he insisted they be treated only as particular interpretations The Genesis as Metaphor essay exemplifies his approach to this subject area

Sex and Self-Ownership Jesse Wall,2025-06-21 Since the criminal law acquits a person who mistakenly believed that another person consented to the sex that they forced upon them rape is not prohibited it is regulated to borrow Mackinnon s phrase This book is concerned with the legal category of the exculpatory mistaken belief in consent why this category ought to be narrowed and how it can be narrowed without departing from criminal law s retributive morality and principles of criminalisation The book calls for three reforms of the criminal law First sex itself should be a pro tanto wrong where consent can justify the wrong or a mistaken belief in consent can excuse the wrong Second consent ought to be defined in terms of the objective words and overt actions that express a subjective attitude Third whether the defendant had an exculpatory mistaken belief ought to be determined solely by having regard to the steps the defendant had taken to ascertain whether the complainant consented These calls are predicated on a range of philosophical inquiries including explanations of how all sex instrumentalizes and objectifies another person how consent performs of trilogy of functions by representing a choice expressing a person s interests and by empowering a person to change their normative relationship with another person how a person can be blameworthy for acting against moral reasons even when they were unaware those reasons applied to their moral situation and how we can have a justified belief in the mental state of another person
