A Taste for Distraction Never Hall, 2005-07-29 A Taste For Distraction is a collage of all of what I consider to be my most significant thoughts poems prose beliefs and dreams Those that best describe my self my views The truths of the world in plain words In the beginning writing was my way of coping with the world around me Later it became my way of understanding it Then my way of revealing what I d learned to others as well as a form of expression What you will read in this book are the very thoughts and dreams that make up the plains of my evolution from boy to man from man to human from human to Never What you will learn is the inner most part of me exactly how I view myself and everyone around me And hopefully you will feel the truth of it all This book was not written to make you believe or follow anything you might find here It was written to make you think It was written to make you question why people make it a common practice to shake off the deepest thoughts or the strongest desires and call them daydreams or fantasies It was written to make you question why so many surrender their dreams to settle for something they don t want or don t believe in It was written to make you question why we never say what we really want to say shrug off our truest feelings and shake our heads to say I m sorry I got distracted I can only hope that we are all distracted from time to time Enjoy
