Art of Making A Man Chase You Salim Khan Anmol, 2016-01-15 The Art of Making A Man Chase You How to Make Him Chase You Definitive Guide Are you looking for ways to make him chase you You have come to the right place This is a no holds barred no BS guide on psychological triggers and science proven ways to make men chase you How To Make Him Chase You These techniques are designed to make men chase Many of them also work on women though So sometimes you will see examples

of men using these techniques on women It s all good the dynamics are the same So let s start 1 Deny Him First People want what they can t have And women have been unconsciously knowing and using this physiological trigger long before Cialdini codified it in his seminal book Influence Indeed when you deny him you shake him from the foundation of his ego Many men at that point will want to prove you wrong and show you how good he actually is And the chase begins Example Aurora in Terms of Endearment uses this technique with her body language She denies him without even uttering a single word the moment she starts walking away Risks of This Technique Quite simply he might not pursue you again Some men are proud and have a big ego and not only they might stop chasing you but they might actually actively dislike you Men who dislike you still keep chasing you but more from a position of I ll bang her just to show her than disappear Some other high quality men are just too busy to chase and they prefer focusing on women who are into them and women who play fewer games Also this technique works best when men outnumber women in quality and or quantity But that is not the case in the West these days
