Language Learning Review:

Formative assessment in second language learning: a systematic review and an annotated bibliography Skevi Vassiliou, Salomi Papadima-Sophocleous, Christina Nicole Giannikas, 2022-11-21 Throughout its whole history most research conducted in language assessment refers to testing It is only since 2000 that language formative assessment started being recorded in research publications This book tells the story of language formative assessment in two ways the one complementing the other in the forms of a systematic review and a descriptive and evaluative annotated bibliography from the very first published work on the subject in 2000 to 2020 While the systematic review gives the story of language formative assessment in a chronological order and gives an overview of different aspects the annotated bibliography gives more details for research work published the main purposes of the book are to 1 give a substantial background in the area 2 describe how this topic has been approached 3 contribute to the development of critical thinking 4 help in establishing the relevance and quality of the annotated material and 5 facilitate language formative researchers as well as practitioners to form an overview of the research in the area during the specific period under study The book may be of interest to language practitioners researchers teacher trainers and policy makers The authors hope that the present publication will be viewed as a valuable contribution to the history of language formative assessment *The ERIC Review*, 1991 Provides information on programs research publications and services of ERIC as well as critical and current education information

Effective Language Learning Suzanne Graham, 1997 This book investigates some of the learning processes of students of French and German as they begin language learning at an advanced level a stage which is frequently problematic By looking at the learning strategies employed by both successful and less successful language students the author elucidates some of the key cognitive and affective processes which facilitate advanced level language learning The implications of this for the classroom are discussed in detail leading to practical recommendations for learning and teaching strategies A central theme is the need to teach explicitly the proficient use of learning strategies and suggestions are made as to how this may be achieved in the language classroom

The No-Nonsense Guide to Language Learning Benny Lewis, 2018-09-22 Benny Lewis rocks Tim Ferriss author the Four Hour Working Week Benny was enormously helpful in planning my year without English Scott Young Rapid Learner Benny's destiny was to never speak Spanish or any other language At school he spent years studying Irish and German Even after all this study he still couldn't speak them By the time he reached his 20s he could only speak English Yet he ignored the call of destiny and decided to learn Spanish anyway These days Benny speaks over 10 languages all self taught and runs the world's most popular language learning blog Fluent in 3 Months How has he achieved this He's devoted his adult life to discovering language hacks faster and smarter ways to learn a new language Inside The No Nonsense Guide to Language Learning you'll discover Why Benny's destiny was to never speak Spanish and how he did it anyway The smartest decision you can ever make for your language learning How to learn a new language fluently How beginners can

outsmart expert language learners Why the CIA wrong and it doesn't take 1 000 hours to learn a language The 7 most common mistakes language learners make and how to fix them How to practise speaking a foreign language without travelling overseas If you want to learn how to speak a new language pick up your copy of The No Nonsense Guide to Language Learning today **Designing Effective Language Learning Materials for Less Commonly Taught Languages** Öner Özçelik, Amber Kennedy Kent, 2023 Many teachers of less commonly taught languages or LCTLs find themselves in the position of needing access to quality language teaching and learning materials where none exist or where those that do are extremely outdated Designing Effective Language Learning Materials for Less Commonly Taught Languages is a concise guide for language instructors or anyone with an interest in developing language learning materials While guiding instructors through the development process using the ADDIE model of instructional design Analysis Design Development Implementation Evaluation z elik and Kennedy Kent present examples from many different languages provide reflection questions for readers to consider at the end of each chapter and give concrete strategies and tips throughout the process Readers will come away from the book with a more comprehensive understanding of how to develop materials world language learning in general and LCTL learning in particular and a clear roadmap for doing so Understanding EAP Learners' Beliefs about Language Learning from a Socio-cultural Perspective Chili Li, 2021-02-09 This book focuses on the dynamic nature of EAP English for academic purposes learners beliefs about language learning in their shift from an EFL English as a foreign language environment to an EMI English as the medium of instruction setting in mainland China It adopts a mixed method paradigm whose quantitative part aims to capture the general dynamic feature of the selected student population while its qualitative part attempts to unveil the process of change in beliefs about language learning among the sample It is hypothesized that the change in their beliefs about language learning is the result of the interplay between the learners agency and the mediation of the contextual realities at the institutional and social levels
