### WHAT THE REVIEWERS SAY

Professor Dasaradh has significantly prepared each and every solution of the questions appeared in GATE and other competitive examinations and many individuals from the community have devoted their time to proofread and improve the quality of the solutions so that they become very lucid for the reader. I personally find this book very useful and only one of its kind in the market because this book gives complete analysis of the chapterwise questions based on the previous years examination. Moreover all solutions are fully explained with a reference to the concerned book given after each solution. It definitely helps in the elimination of redundant topics which are not important from examination point of view. So the students will be able to reduce the volume of text matter to be studied. Besides solutions are presented in lucid and understandable language for an average student.

Dr T Venugopal Associate Professor  
Department of CSE JNTUH Jagtial Overall I think this book represents an extremely valuable and unique contribution to the competitive field because it captures a wealth of GATE PGECET examination's preparation experience in a compact and reusable form.
