Andy Adams,2015-02-17 The elder Wells some years previously had become interested in western and southern real estate and among other investments which he had made was the purchase of an old Spanish land grant on a stream called the Salado west of San Antonio Texas These land grants were made by the crown of Spain to favorite subjects They were known by name which they always retained when changing ownership Some of these tracts were princely domains and were bartered about as though worthless often changing owners at the card table So when travel was suggested to Wells junior he expressed a desire to visit this family possession and possibly spend a winter in its warm climate This decision was more easily reached from the fact that there was an abundance of game on the land and being a devoted sportsman his own consent was secured in advance No other reason except that of health would ever have gained the consent of his mother to a six months absence But within a week after reaching the decision the young man had left New York and was on his way to Texas His route both by water and rail brought him only within eighty miles of his destination and the rest of the distance he was obliged to travel by stage **Dodge City and the Birth of the Wild West** Robert R. Dykstra,Jo Ann

Manfra,2017-07-15 Raised on Gunsmoke Bat Masterson and The Life and Legend of Wyatt Earp we know what it means to get outta Dodge to make a hasty escape from a dangerous place like the Dodge City of Wild West lore But why of all the notorious violent cities of old did Dodge win this distinction And what does this tenacious cultural metaphor have to do with the real Dodge City In a book as much about the making of cultural myths as it is about Dodge City itself authors Robert Dykstra and Jo Ann Manfra take us back into the history of Dodge to trace the growth of the city and its legend side by side An exploration of murder statistics court cases and contemporary accounts reveals the historical Dodge to be neither as violent nor as lawless as legend has it but every bit as intriguing In a style that captures the charm and chicanery of

storytelling in the Old West Dodge City and the Birth of the Wild West finds a culprit in a local attorney Harry Gryden who fed sensational accounts to the national media during the so called Dodge City War of 1883 Once launched the legend leads the authors through the cultural landscape of twentieth century America as Dodge City became a useful metaphor in more and more television series and movies Meanwhile back in the actual Dodge struggling on a lost frontier a mirror image of the mythical city began to emerge as residents increasingly embraced tourism as an economic necessity Dodge City and the Birth of the Wild West maps a metaphor for belligerent individualism and social freedom through the cultural imagination from a historical starting point to its mythical reflection In this the book restores both the reality of Dodge and its legend to their rightful place in the continuum of American culture

The New Empire of the Rockies Steven F. Mehls,1984 This volume represents the fourth in a series of five Class 1 Overview histories prepared by the Colorado State Office Bureau of Land Management The purpose of these works is to develop a synthetic history of a given area in order to provide our managers and staff specialists with a baseline overview of the history of a district It must be noted that the major cities like Denver Colorado Springs Boulder Fort Collins and Greeley are only mentioned This is because there is no public land in these places and the Bureau s mandate is to manage the public lands not private estates Foreword

At Comanche Ford, an Old West Short Story Andy Adams,2015-02-17 We were Texas Rangers It was nearly noon of a spring day and we had halted on sighting our destination Comanche Ford on the Concho River Less than three days before we had been lounging around camp near Tepee City one

hundred and seventy five miles northeast of our present destination A courier had reached us with an emergency order which put every man in the saddle within an hour after its receipt An outfit with eight hundred cattle had started west up the Concho Their destination was believed to be New Mexico Suspicion rested on them as they had failed to take out inspection papers for moving the cattle and what few people had seen them declared that one half the cattle were brand burnt or blotched beyond recognition Besides they had an outfit of twenty heavily armed men or twice as many as were required to manage a herd of that size
