Animal Dreams David Brooks, 2021-04-01

Animal Dreams collects David Brooks' thought provoking essays about how humans think, dream and write about other species. Brooks examines how animals have featured in Australian and international literature and culture from The Man from Snowy River to Rainer Maria Rilke and The Turin Horse to live animal exports, veganism and the culling of native and non native species. In his piercing elegant widely celebrated style he considers how private and public conversations about animals reflect older and deeper attitudes to our own and other species and what questions we must ask to move these conversations forward in what he calls the immense work of undoing. For readers interested in animal welfare, conservation and the relationship between humans and other species, *Animal Dreams* will be an essential, richly rewarding companion. Praise for *Animal Dreams*: one of Australia's most skilled, unusual and versatile writers. Peter Pierce, The Sydney Morning Herald. No one writes about animals like David Brooks. Jeffrey Moussaieff Masson, author of *The Assault on Truth: When Elephants Weep* and *Lost Companions*. Beautifully written and emotionally and intellectually enthralling. The best book I have ever read on relations between humans and animals and the redress we owe them. It makes you angry, it makes you weep, it makes you determined to rethink and to act. Helen Tiffin, FAHA, co author of *The Empire Writes Back* and *Wild Man from Borneo: A Cultural History of the Orangutan*.
