

Mammals of the United Kingdom

Mammals

Mammals are a group of animals that share these features:

- warm-blooded
- feed their babies using their own milk
- have some hair or fur
- breathe air through lungs

Mammals in the UK

Mammals that live in the UK include:

- squirrels
- muntjac deer
- bats
- foxes
- wild boar
- hedgehogs

There are over 100 kinds of mammals found in and around the United Kingdom.

Otters

Otters are found near bodies of water like lakes, rivers and canals.

Their webbed feet help them swim.

Their eyes are near the top of their heads. This helps them see above the water when they are swimming.

Otters eat:

- fish
- birds
- insects
- amphibians
- eggs

Squirrels

Grey squirrels can be found in woodlands and towns across most of the UK.

Red squirrels are much rarer. They can only be seen in woodlands in Scotland and parts of Wales and northern England. They can also be seen on the Isle of Wight and Brownsea Island.

Red squirrels are much smaller than grey ones.

Scottish Wildcats

One of the rarest mammals in the UK is the Scottish wildcat. They are also known as the Highland tiger. It is critically endangered and only found in a few woodlands. Critically endangered means at very high risk of becoming extinct.

Scottish wildcats look similar to pet tabby cats. They are more muscular and have thicker tails.

Spanish Festivals and Traditions, KS2 , Improving Literacy at KS2 and KS3 Andrew Goodwyn,2002-06-28 Improving Literacy at KS2 and KS3 is all about primary secondary transfer seen mostly through the eyes of secondary teachers but with some interesting contributions from middle school staff who know the territory well This book sees the NLS s influence on primary practice as generally benign but takes a more jaundiced view of the implications for secondary teaching especially in its central chapter Evidence from experienced practitioners There are however many useful suggestions for reshaping and adapting parts of the strategy including chapters on classroom literacy and everyday life and literacy and drama which consider ways of relating learning to the wider culture beyond school including screen based literacy There is also a review of the language across the curriculum movement and a chapter on subject literacies which has left me with an abiding admiration for geography teachers as lone voices of dissent
