America's Financial Underclass Mechele Dickerson, 2014-06-30 Why does America have a love affair with homeownership For many buying a home is no longer in their best interest and may harm their children s educational opportunities This book argues that US leaders need to re evaluate housing policies and develop new ones that ensure that all Americans have access to affordable housing whether rented or owned After describing common myths the book shows why the circumstances now faced by America s financial underclass make it impossible for them to benefit from homeownership because they cannot afford to buy homes It then exposes the risks of home buying while brown or black discussing US policies that made it easier for whites to buy homes but harder and more costly for blacks and Latinos to do so The book argues that remaining racial discrimination and certain demographic features continue to make it harder for blacks and Latinos to receive homeownership s promised benefits Housing America's Low- and Moderate-income Families, Progress and Problems Under Past

Programs, Prospects Under Federal Act of 1968 Nathaniel Schnieder Keith, United States President of the United States, 1968

America's Working Man David Halle, 2014-12-10 An unusually deep and wide ranging study by a sociologist who spent years listening to and living among workers at a New Jersey chemical plant Journal of American Studies Over a period of six years during the late 1970s at factory and warehouse at the tavern across the road in their homes and union meetings on

fishing trips and social outings David Halle talked and listened to workers of an automated chemical plant in New Jersey's industrial heartland white male and mostly Catholic He has emerged with an unusually comprehensive and convincingly realistic picture of blue collar life in America during this era Throughout the book Halle illustrates his analysis with excerpts of workers' views on everything from strikes class consciousness politics job security and toxic chemicals to marriage betting on horses God home ownership drinking adultery the Super Bowl and life after death Halle challenges the stereotypes of the blue collar mentality and provides a detailed in depth portrait of one community of workers at a time when it was relatively affluent and secure Absorbing reading Business Week **Math For Real Life For Dummies** Barry Schoenborn,2013-02-06

The easy way to brush up on the math skills you need in real life Not everyone retains the math they learned in school Like any skill your ability to speak math can deteriorate if left unused From adding and subtracting money in a bank account to figuring out the number of shingles to put on a roof math in all of its forms factors into daily life Math For Real Life For Dummies provides you with the simple formulas and theorems that you're likely to encounter in the workplace the kitchen and even when playing games You can turn to Math For Real Life For Dummies to brush up on your math skills or to handle everyday encounters like calculating restaurant tips understanding interest rates and figuring out percentages and odds Packed with real world examples that make sense Math For Real Life For Dummies takes the stress out of your daily calculation encounters Provides tips for understanding and using basic mathematical concepts Shows you how math helps the mind to reason and organize complicated situations or problems into clear simple and logical steps Covers all of the math skills you're likely to need in everyday situations If you're looking for a practical plain English guide to mastering everyday math skills Math For Real Life For Dummies has you covered **Kiplinger's Personal Finance** ,1995-05 The most

trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics **America's Bubble Economy** David Wiedemer,Robert A. Wiedemer,Cindy S.

Spitzer,Eric Janszen,2010-11-04 America's Bubble Economy is the first book to focus on several simultaneous financial bubbles that are interacting to temporarily boost and ultimately threaten the United States and world economies Filled with expert analysis and straight talk this book will show you how to turn the coming economic transformation into a once in a lifetime wealth building opportunity **Fundamental Tax Changes Needed to Unleash America's Small Businesses**

United States. Congress. House. Committee on Small Business. Subcommittee on Taxation and Finance,1996 **America's Great Depression** Murray Newton Rothbard,2000 Applied Austrian economics doesn't get better than this Murray N Rothbard's America's Great Depression is a staple of modern economic literature and crucial for understanding a pivotal event in American and world history The Mises Institute edition features along with a new introduction by historian Paul Johnson top quality paper and bindings in line with the standard set by The Scholars Edition of Human Action Since it first appeared in 1963 it has been the definitive treatment of the causes of the depression The book remains canonical today because the

debate is still very alive Rothbard opens with a theoretical treatment of business cycle theory showing how an expansive monetary policy generates imbalances between investment and consumption He proceeds to examine the Feds policies of the 1920s demonstrating that it was quite inflationary even if the effects did not show up in the price of goods and services He showed that the stock market correction was merely one symptom of the investment boom that led inevitably to a bust The Great Depression was not a crisis for capitalism but merely an example of the downturn part of the business cycle which in turn was generated by government intervention in the economy Had the book appeared in the 1940s it might have spared the world much grief Even so its appearance in 1963 meant that free market advocates had their first full scale treatment of this crucial subject The damage to the intellectual world inflicted by Keynesian and socialist style treatments would be limited from that day forward

Tracking America's Economy Norman Frumkin, 2015-03-26 This completely revised and updated edition of Norman Frumkin's acclaimed work offers vital information for the urgent growing debate on the state of the nation's economy Frumkin makes complex ideas and statistical data accessible to people without special training in economics His goal in this book is to provide a better understanding of the performance of the American economy and a basis for evaluating proposals intended to influence its future course Using data current through the first half of 2003 Frumkin focuses on the meaning and use of a wide array of indicators of economic growth employment wages productivity investment saving and finance in assessing the current state of the U S economy and forecasting future developments Equally useful for economists students investors journalists and anyone concerned with the economy this totally revised edition includes detailed coverage of many important new topics such as terrorism's impact on the economy federal debt and interest rates job openings and unemployment government spending and taxes the 2001 recession and more
