Transnational Streaming Television Joseph Straubhaar, Swapnil Rai, Melissa Santillana, Silvia Dalben, 2025-09-29

Examining the impact of streaming on the global production and flow of television and film this book provides an innovative theoretical framework to conceptualize how asymmetric dynamics of power play out in the era of global streaming This book analyses Netflix and Amazon Prime Video two tech based digital native streamers and compares them to Disney and HBO Max Warner Bros Discovery two legacy Hollywood studios with cable TV and broadcasting operations now pursuing global streaming The book compares their different models of operation and specifically explores how these four streamers particularly Netflix are co producing and commissioning television programs and films in an increasing number of countries It also examines how this trend is creating new opportunities for independent producers and soft power for the producing nations This book further considers the direct algorithmic targeting of individuals by their genre preferences across boundaries of culture language and nation boundaries that previously protected national and regional television markets creating a new flow of data colonialism At a more local level the book also examines some of the national and regional streaming platforms emerging in some of the key players in the Global South Brazil India and Mexico This is essential reading for students researchers and academics interested in media studies global media and global television studies

Global Trends in Technology Startup Project Development and Management Srikanta Patnaik, Vincenzo

Pallotta, Kayhan Tajeddini, 2023-10-13 Innovative ideas provide solutions to problems that creators are passionate about which stimulates the decision of technology based company creation This book explores the fundamental elements and economic valuation of technology based startups and their immediate ecosystems It covers all the phases and the required competencies for technological startup creation and development This book also provides a comprehensive coverage of methods and recommendations for defining and assessing opportunities to create new tech companies for many young researchers or students aspiring to be innovators Featuring contributions from financial market analysts business professionals and venture capitalists this book benefits readers from different disciplines technical or non technical associated with tech startup projects

Triaging the Streaming Wars Robert Alan Brookey, Jason Phillips, Tim

Pollard, 2023-09-08 This volume considers the different implications of the rise of streaming services and their particular acceleration during the COVID 19 pandemic Exploring the significant disruption caused to the entertainment industries by the rise of these streaming services a team of international scholars examine changes to labor issues and compensation which were central to the conflict between the Writers Guild of America members and their agents the broadening divide between networks and affiliates the significant consolidation of the media industry resulting from Disney's acquisition of Fox ahead of the launch of Disney and the variety of business models behind these services that defy the traditional advertising models and standard revenue streams This thorough and multifaceted look at this rapidly growing section of the

entertainment industry will be of interest to academics and students working in film and TV studies media industry studies digital media studies business and communication studies

The Future of Television in the Global South George Ogola, 2023-04-11 This book explores how television in the global South is future proofing its continued relevance addressing its commercial social and political viability in a constantly changing information ecosystem The chapter contributions in the book are drawn from countries in East South and West Africa the Middle East and Latin America specially selected for their illustrative potential of the key issues addressed in the book Scholarly attention on television in the global South has largely been limited to studying evolving television formats with broader structural issues covered almost entirely by industry reports Major gaps remain in terms of understanding how television in the global South is changing within the context of the significant technological developments and what this means for television's future's The chapters reflect on these futures not in the sense of predicting what these might be but rather anticipating important areas of intellection The contributors contend that much of the scholarship on the global South by scholars from the South is often stilted by a reluctance to anticipate This failure leads to a largely reactionary scholarship constantly oppositional and unable to recentre conversations on the South This volume finds intellectual incentive in this urgent need to anticipate hence its particular focus on television futures Taking television in the global South as an important cultural and political barometer the book seeks to explore how television in the global South is adapting to the rampant technological changes and processes of globalisation

Global Perspectives on Indigenous Film and Literature Amar Ramesh Wayal, A. P. Anupama, 2025-09-22 This edited volume comprehensively explores narrative survival in Indigenous film and literature forging a literary and transitional approach to native writing It navigates the evolution of Indigenous voices spanning the oral tradition and literary forms from colonial times to the present It covers a range of issues related to indigenous inequalities and diversities in film and literature With chapters from global perspectives including North America Canada New Zealand and South Asia it ensures an inclusive exploration of indigenous narratives The diverse chapters address topics such as the aboriginal experience residential school legacy the invisible nation of Algonquins tribal songs decolonial futures caste survival narrative trauma and other marginalized groups such as low castes linguistic minorities and Adivasis tribals The book focuses on innovative concepts to understand the study of a particular indigenous group in isolation from others and more than the conventional comparative study of different indigenous groups It deals with the challenges of achieving local indigenous rights and identities It is a valuable resource for social science and humanities scholars particularly for indigenous scholars development professionals and administrators interested in the issues related to social diversity and indigeneity in a global setting

The European Media in the Platform Era Stylianos Papathanassopoulos, Andrea Miconi, 2025-09-01 This book examines the significant changes reshaping the European media landscape in the context of rapid technological advancements political shifts and economic pressures It sheds light on the economic political and structural forces behind these transformations focusing

particularly on the impact of platformisation media convergence and the emergence of new players on media production distribution and consumption At the same time the book analyses how platform dominance is reshaping European media ownership by fostering mergers and collaborations while also raising concerns about media concentration Against this backdrop it also considers the evolving role of public broadcasters as governments and policymakers grapple with the challenge of regulating new media realities while maintaining diversity and pluralism It also discusses the implications of the trends for European identity and the European public sphere particularly the tension between a top down institutional and regulatory approach to Europeanisation Providing a detailed overview of the trends and shifts shaping the future of European media the book offers key insights into the dynamics and challenges of the contemporary media environment It will appeal to students researchers and media professionals interested in media studies European studies international communication and public policy Its insightful analysis and empirical grounding enable readers to gain a better understanding of the ongoing transformations in the European media sector and the future direction of the media in the digital platform era
