As it was for Hosseini's *The Kite Runner* and *A Thousand Splendid Suns* Afghanistan is just the setting for a profound exploration of the human soul and its capacity for good and evil paradoxically often at the same time and by the same person. No amount of factual history can give as deep and vivid a sense of the reality of Afghanistan in the last seventy years as this story gives. Likewise no mere reporting or film documentary can give as lucid an account of the cruel decisions forced on people living on the verge of destitution. How does Khaled Hosseini enlighten us in *And the Mountains Echoed*? The novel unblinkingly sheds light on the glory and the tawdriness that is human nature dissecting its varied shades of good and bad. It gives insight into the true nature of love and its nemesis selfishness. The story engenders humility in judging any person's motives or actions making it more difficult to condemn or exalt reflexively.
