Living In-Between André Resner,2015-11-04 The community of faith finds itself located precariously between Jesus first and second comings between

the promise and fulfillment between what God has begun in the gospel and what God has yet to complete. It thus finds itself proclaiming a gospel of life, love, hope, and faith in a world more characterized by death, hate, despair, and fear. The gospel insists that Jesus' death has shut the door on the age of violence and death, even as his resurrection has opened the door on the Age of Shalom and life. But in this tension between time, those conflicting ages overlap, and the church struggles against powers and experiences that mock its message. Drawing on resources from the New Testament's vision of the apocalyptic gospel, Andre Resner urges the church and its preachers to engage in the linguistic practices of lament and proclamation as well as the embodied practices of justice making and justice keeping as counter testimony to those powers that have been served notice in Jesus' life, death, and resurrection that their end is near. The reflections offered here model the kind of honest speech and risk of life to which the gospel calls its adherents.

The Complete Kennections Ken Jennings, 2025-07-29. The first new trivia book in more than a decade from Jeopardy! host Ken Jennings, based on his hugely popular online game Kennections. Five trivia questions, five answers that share a secret theme. What's the Kennection? Since 2012, Jeopardy! champion and host Ken Jennings has created a weekly puzzle, first appearing in Parade, then Mental Floss, involving a series of trivia questions whose answers have something in common. The trivia questions run the gamut of topics from pop culture, movies, TV, music, to academic knowledge, history, geography, the arts, to lifestyle, food, and drink, sports, hobbies. But the trickiest part might be finding the Kennection that links all five answers. Many are standard trivia categories: D-Day beaches, Presidential middle names, Santa's reindeer, Batman villains, but almost anything goes, so thinking outside the box is just as important as trivia knowledge. What do feet, McDonald's fingerprints, and St. Louis have in common? They all have arches. What about Mercury, Chihuahuas, electrons, and Rhode Island? They're all the smallest of their kind. Columbia, Grease, and I Ran by a Flock of Seagulls? They're homophones for nations of the world. For the first time, the Kennections canon is available in one convenient volume with hundreds of new and updated quizzes. The Complete Kennections is the perfect gift for any Jeopardy! fan, trivia buff, or New York Times Connections puzzler.
