Lemon-Aid Used Cars and Trucks 2011-2012 Phil Edmonston, 2011-04-25 As Toyota skids into an ocean of problems and uncertainty continues in the U S automotive industry Lemon Aid Used Cars and Trucks 2011-2012 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years Lemon Aid guides are unlike any other car and truck books on the market Phil Edmonston Canada's automotive Dr Phil for 40 years pulls no punches Like five books in one Lemon Aid Used Cars and Trucks is an exposé of car scams and gas consumption lies a do it yourself service manual an independent guide that covers beaters lemons and collectibles an archive of secret service bulletins granting free repairs and a legal primer that even lawyers can't beat Phil delivers the goods on free fixes for Chrysler Ford and GM engine transmission brake and paint defects lets you know about Corvette and Mustang tops that fly off gives the lowdown on Honda Hyundai and Toyota engines and transmissions and provides the latest information on computer module glitches [The Complete Bike Owner's Manual](#) DK, 2020-05-07 This is the complete reference guide to bike servicing and repair and an essential bible for every cyclist's bookshelf Incredible CGI illustrations show you every aspect of bike repair and maintenance more clearly than ever before whether you're a mountain biker cycling commuter or road racer All major types of bicycle from the leading brands are covered including road racing hybrid mountain and utility bikes with detailed practical advice to take you from symptom to solution The Complete Bike Owner's Manual takes away the need for expensive expert advice showing you how to service and maintain every aspect of your bicycle Learn how to replace or repair a chain correct sagging suspension fit brake cables adjust electronic shifters and much more with incredible up close detail helping you to get your wheels turning again **The Owner's Manual for Christians** Charles R. Swindoll, 2011-02-14 It's never too late Whether you're a new Christian or you've walked the road for decades it's never too late to find the critical truths that make life make sense We often start out believing that common sense will be enough that we're prepared for the road ahead with our good values and quick thinking It doesn't take long to learn otherwise A broken friendship An obsessive career Financial distress Even empty success We come back to God searching for insight for hope And He provides Nothing can replace studying the Bible Best selling author and pastor Charles Swindoll has spent decades studying its pages and teaching its precepts But if sixty six books seem overwhelming The Owner's Manual for Christians is the perfect starting place a biblical summary of the major truths that anchor the Christian life From grace to freedom these chapters walk the reader through the keys to a life well lived drawn from the Creator of life itself Life is often confusing but it does not have to be impossible Read The Owner's Manual for Christians and find hope for the road ahead **Violence and the Genesis of the Anatomical Image** Rose Marie San Juan, 2022-11-28 Nothing excited early modern anatomists more than touching a beating heart In his 1543 treatise Andreas Vesalius boasts that he was able to feel life itself through the membranes of a heart belonging to a man who had just been executed a comment that appears near the woodcut of a person being dissected while still hanging from the gallows In

this highly original book Rose Marie San Juan confronts the question of violence in the making of the early modern anatomical image Engaging the ways in which power operated in early modern anatomical images in Europe and to a lesser extent its colonies San Juan examines literal violence upon bodies in a range of civic religious pedagogical and exploratory contexts She then works through the question of how bodies were thought to be constituted systemic or piecemeal singular or collective and how gender determines this question of constitution In confronting the issue of violence in the making of the anatomical image San Juan explores not only how violence transformed the body into a powerful and troubling double but also how this kind of body permeated attempts to produce knowledge about the world at large Provocative and challenging this book will be of significant interest to scholars across fields in early modern studies including art history and visual culture science and medicine

Thin Description John L. Jackson Jr.,2013-11-04 The African Hebrew Israelites of Jerusalem are often dismissed as a fringe cult for their beliefs that African Americans are descendants of the ancient Israelites and that veganism leads to immortality But John L Jackson questions what fringe means in a world where cultural practices of every stripe circulate freely on the Internet In this poignant and sophisticated examination of the limits of ethnography the reader is invited into the visionary sometimes vexing world of the AHIJ Jackson challenges what Clifford Geertz called the thick description of anthropological research through a multidisciplinary investigation of how the AHIJ use media and technology to define their public image in the twenty first century Moving beyond the modest witness of nineteenth century scientific discourse or the thick descriptions of twentieth century anthropology Jackson insists that Geertzian thickness is impossible especially in a world where the anthropologist s subjects craft their own self ethnographies and critically consume the ethnographer s offerings Taking as its topic a group situated along the fault lines of several diasporas African American Jewish Thin Description provides an account of how race religion and ethnographic representation must be understood anew in the twenty first century lest we reenact old mistakes in the study of black humanity

Vladimir Sorokin's Discourses Dirk Uffelmann,2020-04-21 Vladimir Sorokin is the most prominent and the most controversial contemporary Russian writer Having emerged as a prose writer in Moscow s artistic underground in the late 1970s and early 80s he became visible to a broader Russian audience only in the mid 1990s with texts shocking the moralistic expectations of traditionally minded readers by violating not only Soviet ideological taboos but also injecting vulgar language sex and violence into plots that the postmodernist Sorokin borrowed from nineteenth century literature and Socialist Realism Sorokin became famous when the Putin youth organization burned his books in 2002 and he picked up neo nationalist and neo imperialist discourses in his dystopian novels of the 2000s and 2010s making him one of the fiercest critics of Russia s new middle ages while remaining steadfast in his dismantling of foreign discourses

The Land Grabbers Fred Pearce,2012-05-29 How Wall Street Chinese billionaires oil sheiks and agribusiness are buying up huge tracts of land in a hungry crowded world An unprecedented land grab is taking place around the world Fearing future food shortages or

eager to profit from them the world's wealthiest and most acquisitive countries corporations and individuals have been buying and leasing vast tracts of land around the world The scale is astounding parcels the size of small countries are being gobbled up across the plains of Africa the paddy fields of Southeast Asia the jungles of South America and the prairies of Eastern Europe Veteran science writer Fred Pearce spent a year circling the globe to find out who was doing the buying whose land was being taken over and what the effect of these massive land deals seems to be *The Land Grabbers* is a first of its kind expos that reveals the scale and the human costs of the land grab one of the most profound ethical environmental and economic issues facing the globalized world in the twenty first century The corporations speculators and governments scooping up land cheap in the developing world claim that industrial scale farming will help local economies But Pearce's research reveals a far more troubling reality While some mega farms are ethically run all too often poor farmers and cattle herders are evicted from ancestral lands or cut off from water sources The good jobs promised by foreign capitalists and home governments alike fail to materialize Hungry nations are being forced to export their food to the wealthy and corporate potentates run fiefdoms oblivious to the country beyond their fences Pearce's story is populated with larger than life characters from financier George Soros and industry tycoon Richard Branson to Gulf state sheikhs Russian oligarchs British barons and Burmese generals We discover why Goldman Sachs is buying up the Chinese poultry industry what Lord Rothschild and a legendary 1970s asset stripper are doing in the backwoods of Brazil and what plans a Saudi oil billionaire has for Ethiopia Along the way Pearce introduces us to the people who actually live on and live off of the supposedly empty land that is being grabbed from Cambodian peasants victimized first by the Khmer Rouge and now by crony capitalism to African pastoralists confined to ever smaller tracts Over the next few decades land grabbing may matter more to more of the planet's people than even climate change It will affect who eats and who does not who gets richer and who gets poorer and whether agrarian societies can exist outside corporate control It is the new battle over who owns the planet Hearing
