## **Alpine Type R Manual:**

**Runways & Racers** Terry O'Neil, 2011 Runways and Racers focuses on sports car races held at military installations throughout America in the early 1950s. It was a marriage of convenience for the Sports Car Club of America and the Strategic Air Command with both parties gaining advantages from the arrangement. The thorn in the side turned out to be a Congressman whose own aspirations exceeded his standing but who found himself in a position to be able to influence the outcome of events.

**The Cockroach Combat Manual II** Dr. Austin M. Frishman & Paul J. Bello, 2013-10 In the early 80s we were evaluating a new cockroach control product in a high rise housing project. Cockroach populations were high even though the apartment we were in was squeaky clean. The three small children that shared a twin bed there looked different to me but I wasn't sure why. Dr. Frishman pointed out that they didn't have any eye brows or lashes and then he exposed thousands of roaches hiding behind the head board. Some things you never forget. In my view having Paul Bello an industry expert himself with years of practical experience team up with Dr. Cockroach makes *The Cockroach Combat Manual II* a must read because cockroach control is deserving of our best efforts.

The transition was neither easy nor uneventful for drivers, clubs or track owners and the tragedy, politics and in
