Chaucer and the French Tradition Charles Muscatine,1957 Chaucer and the French Tradition first published in 1957 is notable among modern studies of Chaucer for its attention to the importance of style The author offers first an analysis of the two dominant traditions of style in the French literature on which Chaucer s poetry is based the courtly and the bourgeois or realistic He then studies the stylistic character of the three important early poems arguing that Chaucer s development was not a revolt from convention to realism but rather a progressive mastery of both methods simultaneously Through his style Chaucer is thus seen to be confronting the central problem of late medieval culture the combination of the mundane and the transcendental the realistic and the idealistic the natural and the supernatural Chaucer s solution is found in the ironic balance of Troilus and Criseyde and in the mixed style of the Canterbury Tales Jerry Dampier,2005-12-01 Steven Leroy Zienner is a hard working hard driving hard headed economic materialist Money because of the influence it has over people and because of the things it buys is the highest value he places on life Unrestrained ambition in the pursuit of accumulating large profits Mr Zienner believes lies at the heart of success and at the same time he believes wealth is the key to complete happiness As a result of his genius in the affairs of business that and the willingness to exploit his employees to maximum effect Mr Zienner became a multimillionaire before his 30th birthday The story takes place in the 1950 s in Cleveland Ohio Vicksburg Mississippi and Paris France At this point it should be noted that this story The Downfall and Rise of Steven Leroy Zienner is not merely a story about a man s company or the products that he sells or even his rise from humble beginnings to wealth and privilege It is a story about a choice a person ultimately makes between personal growth or self destruction when faced with personal tragedies and financial ruin It is about the stubbornness as well as the willingness to see different points of view it is about the desire to live in accordance with certain values and principles or the lack thereof it is also about the importance of family and friends and the discovery examination and triumph over some of the most unattractive and malevolent elements within human nature All in all it s about a man s downfall but more importantly his struggle to rise in the pursuit of the ethics of Happiness **New York Magazine** ,1974-11-11 New York magazine was born in 1968 after a
