Gyldanyro,2025-10-23 This book makes a broad and visionary attempt at connecting two schools of thought the importance money holds for us collectively and individually as well as the importance of getting to know who we really are As the title implies it offers a very different way to view our relationship with money and will likely challenge many societal and familial assumptions Money can function as a way to measure the value of a thing or commodity but the author does not believe we should use it as a way to measure the value of human life That is why she refers to money as a verb instead of a noun Money Is a Verb is based on the premise that we deserve to be supported and nourished simply for being alive *Lifting the Veils of Illusion* Narina Riskowitz,2016-02-15 This book facilitates an all encompassing journey of personal empowerment and spiritual growth in 7 essential steps Taking a peek into the subtle realms sharing ancient wisdom and consulting ground breaking science it offers fascinating new insights and readers will experience powerful transformational shifts emerging from stress and fear to empowerment The 7 Steps process is designed to serve as a guide on your path toward your own development growth and enlightenment Buddha taught that this world is an illusion As we awaken and grow in consciousness we begin to see through the illusions This book explores the nature of these illusions With each of the 7 Steps we will be lifting another veil of illusion When a veil of illusion is lifted you will find yourself in a whole new plane of existence perceiving everything very differently than before This 7 Steps process is unique in that not only is it informative
