Nette,Iain McIntyre,2021-10-26 Much has been written about the long Sixties the era of the late 1950s through the early 1970s It was a period of major social change most graphically illustrated by the emergence of liberatory and resistance movements focused on inequalities of class race gender sexuality and beyond whose challenge represented a major shock to the political and social status quo With its focus on speculation alternate worlds and the future science fiction became an ideal vessel for this upsurge of radical protest Dangerous Visions and New Worlds Radical Science Fiction 1950 to 1985 details celebrates and evaluates how science fiction novels and authors depicted interacted with and were inspired by these cultural and political movements in America and Great Britain It starts with progressive authors who rose to prominence in

the conservative 1950s challenging the so called Golden Age of science fiction and its linear narratives of technological breakthroughs and space conquering male heroes The book then moves through the 1960s when writers including those in what has been termed the New Wave shattered existing writing conventions and incorporated contemporary themes such as modern mass media culture corporate control growing state surveillance the Vietnam War and rising currents of counterculture ecological awareness feminism sexual liberation and Black Power The 1970s when the genre reflected the end of various dreams of the long Sixties and the faltering of the postwar boom is also explored along with the first half of the 1980s which gave rise to new subgenres such as cyberpunk Dangerous Visions and New Worlds contains over twenty chapters written by contemporary authors and critics and hundreds of full color cover images including thirteen thematically organised cover selections New perspectives on key novels and authors such as Octavia Butler Ursula K Le Guin Philip K Dick John Wyndham Samuel Delany J G Ballard John Brunner Judith Merril Barry Malzberg Joanna Russ and many others are presented alongside excavations of topics works and writers who have been largely forgotten or undeservedly ignored

the creation of the world following a violent war in Heaven that was Pullman's inspiration for *His Dark Materials*. Pullman's vibrant re-telling of this core story brings us rebel angels, recasts Satan as a brooding Lord Asriel, and presents Lyra as the new Eve. Written by an eminent scholar of seventeenth-century literature and history, Philip Pullman and the Historical Imagination is crafted in an engaging and accessible style aimed at popular readers and fans of Pullman's work. It enlivens a historical period that has long attracted Pullman himself, bringing to life intriguing figures and the richly complex ideas of the time. This book is an exploration of history through the worlds and characters Pullman has invented. Ultimately, it not only reveals how seventeenth-century history helps readers better understand Pullman's novels but shows how reading history through the lens of Pullman's imagination offers new ways of thinking about the past.

The Tomb of Agamemnon Cathy Gere, 2012-03-01 Read the Bldg Blog interview with Mary Beard about the Wonders of the World series Part I and Part II

Mycenae, the fabled city of Homer's King Agamemnon, still stands in a remote corner of mainland Greece. Revered in antiquity as the pagan world's most tangible connection to the heroes of the Trojan War, Mycenae leapt into the headlines in the late nineteenth century when Heinrich Schliemann announced that he had opened the Tomb of Agamemnon and found the body of the hero smothered in gold treasure. Now Mycenae is one of the most haunting and impressive archaeological sites in Europe, visited by hundreds of thousands of tourists every year. From Homer to Hitler, from Thucydides to Freud, Mycenae has occupied a singular place in the western imagination. As the backdrop to one of the most famous military campaigns of all time, Agamemnon's city has served for generation after generation as a symbol of the human appetite for war. As an archaeological site, it has given its name to the splendors of one of Europe's earliest civilizations, the Mycenaean Age. In this book, historian of science Cathy Gere tells the story of these extraordinary ruins from the Cult of the Hero that sprung up in the shadow of the great burned walls in the eighth century BC to the time after Schliemann's excavations when the Homeric warriors were resurrected to play their part in the political tragedies of the twentieth century.

Neoliberalism and Young Adult Fiction Sean P. Connors, Roberta

Seelinger Trites,2025-03-17 In the twenty first century the influence of neoliberalism the belief that society benefits when both individuals and corporations are free to maximize their talents in the service of responding to social needs and problems resonates through all domains of human life And yet little critical study has been given to the reproduction of a neoliberal social order in YA literature *Neoliberalism and Young Adult Fiction* Exceptionalism Exploitation and Erasure examines how some YA literature naturalizes neoliberalism in positioning teenagers as self enclosed competitive individuals At the same time however the authors also examine other YA novels as potential sites of resistance that acknowledge teenagers agency to reject neoliberalism s destructive impulses and to work for social justice and equality through collective action With that in mind the authors of *Neoliberalism and Young Adult Fiction* analyze such concepts as how the exceptionality of specific characters who embody neoliberal ideals leads to self enclosed individualism and how environmental exploitation and consumerism lead to destructive effects The book progresses to an in depth examination of how racism undergirds US neoliberalism and environmental exploitation From scrutinizing racism and the rejection of neoliberalism inherent in the antiracism movement the study turns to an examination of gender specifically focusing on the relationship between sexism exploitation and embodied rejections of patriarchal thinking Indeed erasure is implicated in racism sexism and all forms of discrimination that are borne of exploitation Finally youth activism with its rejection of neoliberal ideologies leads to a culminating chapter about how global youth link YA literature to their protest movements **The Plan of Salvation** Robert

J. Walker,2011-09-18 To the unholy men of that day it would be just another crucifixion But to the unseen spiritual world this would be the greatest show of love ever witnessed in all of creation Whatever doubt there may have been in the minds of the universe concerning the love God has for His creation would now be removed The universe would now know without a doubt that God is truly a great God of love Jesus would carry out The Plan of Salvation He would lay down His life for the human race Holy angels could not believe that they were about to actually witness the death of the co creator of the universe Just the mere thought that Jesus would give His life for the one and only rebellious planet in the entire universe was beyond understanding even for angels *H.D. and the Public Sphere of Modernist Women Writers, 1913-1946* Georgina

Horror That Haunts Us Karrá Shimabukuro, Wickham Clayton, 2024-02-06 Horror s pleasures fundamentally hinge on looking backward either on destabilising trauma or as a period of comfort and happiness which is undermined by threat However this stretches beyond the scares on our screens to the consumption and criticism of the monsters of our past The horror films of our youth can be locations of psychological and social trauma or the happy place we go back to for comfort when our lives become unsettled Horror That Haunts Us Nostalgia Revisionism and Trauma in Contemporary American Horror is a collection of essays that brings together multiple theoretical and critical approaches to consider the way popular horror films from the last fifty years communicate embody and rework our view of the past Whether we look at our current relationship to the scary movies of decades ago as personal or cultural memory the way historical and sociopolitical events and frameworks especially traumas reframe the way we look at our pasts or even the way recent horror films and video games look back at our past and the past of the genre itself through a filter of experience and history this collection will show the close relationship between nostalgia and popular horror These essays also demonstrate a range of unique and diverse points of view from both established and emerging scholars on the subject of horror and the past Edited by seasoned horror experts Karr Shimabukuro and Wickham Clayton Horror That Haunts Us is a book with the aim of examining why we return again and again to certain popular horror films either as remakes or reboots or as the basis for pastiche and homage

American Women Poets, 1650-1950 Harold Bloom, 2002 Attempts to look at the literary tradition of American women poets and their place in the history of modern literature

Why Write Poetry? Jeannine Johnson, 2007 Poets have long been defending poetry in prose and essays by Sidney Shelley and others are a familiar and important part of the Anglo American literary tradition This book identifies and examines a related genre the verse defense of poetry which shares the same impulse that has led to the composition of prose essays namely the desire to protect poetry from its detractors and to promote its value as a vital human endeavor In the last century or so this impulse to engage questions of poetry s value in poems has become increasingly widespread and it has dominated the careers of at least five poets H D Wallace Stevens W H Auden Adrienne Rich and Geoffrey Hill Though these poets espouse very different aesthetic principles they like many of their contemporaries have repeatedly turned to apology in their verse At first glance this seems an odd gesture given that the readers and writers of poetry are those who least need convincing of poetry s worthiness But questioning poetry in verse is a form of lyric introspection that is productive and well

suited for a modern poet characterized as one of indifference defense helps these authors make a claim for poetry's cultural relevance as well as for its private profit Jeannine Johnson is a Preceptor in Expository Writing at Harvard University

Encyclopedia of War and American Society Peter Karsten, 2006 Publisher description **What Do I Read Next?**, 1998 **Willing Seduction** Barbara Kosta, 2012 This fascinating cultural history of *The Blue Angel* provides a new interpretive framework with which to approach this classic Weimar film and suggests that discourses on mass and high culture are integral to the film's thematic and narrative structure These discourses surface in the relationship between the two main characters the cabaret entertainer Lola Lola Marlene Dietrich and the high school teacher Immanuel Rath one time Oscar winner Emil Jannings In addition to offering insight into some of the major debates that informed the Weimar Republic this book also demonstrates how similar issues continue to shape the contemporary cultural landscape of Germany where Dietrich serves as a cultural icon whose symbolic value has contributed significantly to nation building since German unification rear cover
