Teaching English in Africa Anderson, Jason, 2016-04-30 Teaching English in Africa is a practical guide written for primary and secondary school teachers working all over the continent This book relates the practice of English language teaching directly to the African context As well as covering the underlying theory of how children learn languages and how teachers can best facilitate this learning it also provides practical resources and ideas for activities and techniques that have proved successful in English classrooms in Africa both at primary and secondary level It is intended to be a practical guide so references and citations are kept to a minimum and concepts are presented using examples that are likely to be familiar to most teachers working in Africa If there is a bias in this book it is towards the needs of teachers working in low resource isolated contexts in Africa as these teachers are so often neglected by literature on teaching methodology

Teaching in the Terrordome Heather Kirn Lanier, 2012-10-01 Only 50 percent of kids growing up in poverty will earn a high school diploma Just one in ten will graduate college Compelled by these troubling statistics Heather Kirn Lanier joined Teach For America TFA a program that thrusts eager but inexperienced college graduates into America's most impoverished areas to teach asking them to do whatever is necessary to catch their disadvantaged kids up to the rest of the nation With little more than a five week teacher boot camp

and the knowledge that David Simon referred to her future school as The Terrordome the altruistic and naive Lanier devoted herself to attaining the program's goals but met obstacles on all fronts The building itself was in such poor condition that tiles fell from the ceiling at random Kids from the halls barged into classes all day disrupting even the most carefully planned educational activities In the middle of one lesson a wandering student lit her classroom door on fire Some colleagues instantly suspicious of TFA's intentions withheld their help and supplies They think you're trying to save the children one teacher said And though high school students can be by definition resistant in west Baltimore they threw eggs slashed tires and threatened teachers' lives Within weeks Lanier realized that the task she was charged with achieving quantifiable gains in her students' learning would require something close to a miracle Superbly written and timely Teaching in the Terrordome casts an unflinching gaze on one of America's dropout factory high schools Though Teach For America often touts its most successful teacher stories Lanier's powerful memoir illuminates a more common experience of Teaching For America with thoughtful complexity a poet's eye and an engaging voice As hard as Lanier worked to become a competent teacher she found that in The Terrordome idealism wasn't enough To persevere she had to rely on grit humility a little comedy and a willingness to look failure in the face As she adjusted to a chaotic school administration crumbling facilities burned out colleagues and students who perceived their school for the failure it was she gained perspective on the true state of the crisis TFA sets out to solve Ultimately she discovered that contrary to her intentions survival in the so-called Charm City was a high expectation
