And Playing The Role Of Herself English Edition:

As You Like it Penny Gay,1999 Using an innovative theory of the significance of the Globe s stage space Penny Gay examines As You Like It s presentation of issues of power sexuality gender and genre **Bridge of Light** J. Hoberman,2010 The definitive history of Yiddish cinema returns to print with additional material **A Community of One** Martin A. Danahay,1993-08-24 Complementing recent feminist studies of female self representation this book examines the dynamics of masculine self representation in nineteenth century British literature Arguing that the category autobiography was a product of nineteenth century individualism the author analyzes the dependence of the nineteenth century masculine subject on autonomy or self naming as the prerequisite for the composition of a life history The masculine autobiographer achieves this autonomy by using a feminized other as a metaphorical mirror for the self The feminized other in these texts represents the social cost of masculine autobiography Authors from Wordsworth to Arnold including Samuel Taylor Coleridge Thomas De Quincey John Ruskin Alfred Tennyson Robert Louis Stevenson John Stuart Mill and Edmund Gosse use female lovers and family members as symbols for the community with which they feel they have lost contact In the theoretical introduction the author argues that these texts actually privilege the autonomous self over the images of community they ostensibly value creating in the process a self enclosed and self referential community of one *Drama and Traditional Story for the Early Years* Nigel Toye,Francis Prendiville,2000 This volume covers the teaching of drama at nursery and Key Stage 1 It looks at why drama should be used how it works and how to get children involved **Oedipus** Lowell Edmunds,Alan Dundes,1995-11-01 Classicist Lowell Edmunds and folklorist Alan Dundes both note that the Oedipus tale is not likely to ever fade from view in Western civilization as the tale continues to pack a critical family drama into a timeless form Looking beyond the story related in Sophocles drama the ancient Theban myth of the son who unknowingly kills his father and marries his mother Oedipus *A Folklore Casebook* examines variations of the tale from Africa and South America to Eastern Europe and the Pacific Taking sociological psychological anthropological and structuralist perspectives the nineteen essays reveal the complexities and multiple meanings of this centuries old tale In addition to the well known interpretations of the Oedipus myth by Sigmund Freud and James Frazer this casebook includes insightful selections by an international group of scholars Essays on a Serbian Oedipus legend by Friedrich Krauss and on a Gypsy version by Mirella Karpatti for example stress the psychological stages of atonement after the Oedipus figure learns the truth about his actions Anthropologist Melford E Spiro investigates the myth s appearance in Burma and the significance of the mother s identification with the dragon the sphinx figure Vladimir Propp s essay translated into English for the first time and Lowell Edmunds s theoretical review discuss the relation of the Oedipus story to the larger study of folklore The result is a comprehensive and fascinating casebook for students of folklore classical mythology anthropology and sociology **The Satanism Scare** Joel Best,2017-09-29 Although there is growing concern over Satanism as a threat to American life the topic has received

surprisingly little serious attention Recognizing this the editors of this volume have selected papers from a wide variety of disciplines broadly covering contemporary aspects of Satanism from the vantage points of studies in folklore cults religion deviance rock music rumor and the mass media All contributors are skeptical of claims that a large powerful satanic conspiracy can be substantiated Their research focuses instead on claims about Satanism and on the question of whose interests are served by such claims Several papers consider the impact of anti Satanism campaigns on public opinion law enforcement and civil litigation child protection services and other sectors of American society The constructionist perspective adopted by the editors does not deny the existence of some activities by real Satanists and two papers describe the workings of satanic groups Whatever the basis of the claims examined and analyzed there is growing evidence that belief in the satanic menace will have real social consequences in the years ahead Pirandello and the Crisis of Modern Consciousness Anthony Caputi,1988 **Personality and Democratic Politics** Paul M. Sniderman,2018-09-25 How does a personality characteristic such as self esteem become translated into political convictions How do individual differences in self esteem affect who becomes a political activist and a political leader These are among the major questions addressed in this study the first of its kind to be based on large scale samples of both political leaders and ordinary citizens Drawing on the voluminous research of social psychologists on self esteem and integrating the dynamic theories of Freud and his followers with the functional and social learning approaches Professor Sniderman advances new theories to account for the complex connections between personality political beliefs and political leadership In 1972 the American Political Science Association gave Professor Sniderman's original work in this field on which this book is based the E E Schattschneider Award for the best doctoral dissertation in the field of American government and politics This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1975 Old Ideas, New Practices: When Religion Is for Relationships Bernard Lawrence Potvin,2021-03-15 This book is an upstream solution to the problems issues and questions young people struggle with downstream alienation boredom and mistrust of religion It includes over a hundred teaching strategies tactics logistics and relationship builders that teachers in homes schools and churches can use This book is a treasure chest of old ideas cast into new and proven teaching practices each to be mined for the gem in it Potvin's interest in writing this book however is not to focus on what is broken and ineffective in Christian religious education and a lot of education is broken and ineffective but on what he has learned to be proven to be effective He has drawn from his PhD studies parenting with its perturbations and insights and over forty years of teaching in universities public and faith based schools Jesus gave us our program of studies with much to think about and practice what could work to bring us to our true self friendship with the Creator love for others and justice for all And given the

unprecedented trend towards home education and online teaching designed for and led by parents new practices based on old ideas may be just what the doctor ordered Equality and Diversity in Education 1 Felicity Armstrong, Mary Masterton, Patricia Potts, 2013-10-08 Designed to accompany the Open University course Developing Intensive Curricula Equality and Diversity in Education Vol 1 will appeal to research students undertaking research in the area of education focusing on special needs *Cumulated Index Medicus* ,1990 *Ontology after Carnap* Stephan Blatti, Sandra Lapointe, 2016-03-25 Analytic philosophy is once again in a methodological frame of mind Nowhere is this more evident than in metaphysics whose practitioners and historians are actively reflecting on the nature of ontological questions the status of their answers and the relevance of contributions both from other areas within philosophy e g philosophical logic semantics and beyond notably the natural sciences Such reflections are hardly new the debate between Willard van Orman Quine and Rudolf Carnap about how to understand and resolve ontological questions is widely seen as a turning point in twentieth century analytic philosophy And indeed this volume is occasioned by the fact that the deflationary approach to metaphysics advocated by Carnap in that debate is once again attracting considerable interest and support Containing eleven original essays by many of today s leading voices in metametaphysics *Ontology After Carnap* aims both to deepen our understanding of Carnap s contributions to metaontology and to explore how this legacy might be mined for insights into the contemporary debate This collection will be of interest to scholars and students working in metaphysics semantics philosophical logic metaphilosophy and the history of analytic philosophy **Signifying God** Sarah Beckwith, 2001 First staged as early as 1376 the York Corpus Christi plays were performed annually until the late 1500s and involved as much as a tenth of the city in multiple performances at a dozen or more locations *Signifying God* shows how organizing the plays served as a political mechanism for regulating labor and how theater and sacrament combined in them to do important theological work
