Essential Skills for Digital Literacy Sue F. Wong,CCI Learning Solutions,2004 **Media Education for a Digital Generation** Julie Frechette,Rob Williams,2015-10-14 Media education for digital citizenship is predicated upon the ability to access analyze evaluate and produce media content and communication in a variety of forms While many media

literacy approaches overemphasize the end goal of accessing digital media content through the acquisition of various technology software apps and analytics this book argues that the goals for comprehensive and critical digital literacy require grasping the means through which communication is created deployed used and shared regardless of which tools or platforms are used for meaning making and social interaction Drawing upon the intersecting matrices of digital literacy and media literacy the volume provides a framework for developing critical digital literacies by exploring the necessary skills and competencies for engaging students as citizens of the digital world *Digital Literacy in the Classroom - Book 3* Neelam Parmar,2018 Book 3 for Year 3 Year 4 aims to develop digital literacy competencies in areas of computational thinking and programming communication and collaboration with creativity and the study of computer networks and productivity It supports teachers by providing step by step instructions and activity ideas based on whole class group paired and individual experiences It also encourages children to recognise the importance of staying safe online and creating a positive digital identity whilst using the internet *Digital Literacy in the Classroom - Book 1* Neelam Parmar,2018 Book 1 for Year 1 Year 2 aims to develop digital literacy competencies in areas of computational thinking and programming communication and collaboration with creativity and the study of computer networks and productivity It supports teachers by providing step by step instructions and activity ideas based on whole class group paired and individual experiences It also encourages children to recognise the importance of staying safe online and creating a positive digital identity whilst using the internet

EBOOK: Teaching Information Technology 14+ Jane Evershed,Jayne Roper,2010-10-16 Constantly evolving Information Technology IT is entwined with everyday life affecting industry education security the environment the global economy and culture IT teachers need to balance students understanding of IT s role within society alongside developing the skills required to design and deliver successful IT projects Through case studies and reflective activities drawn from a range of environments the authors share successful teaching and learning strategies from IT teachers and industry practitioners This book also presents strategies for delivery and assessment as well as reviewing functional and key skills such as communications team working and problem solving It also helps teachers differentiate between the many IT qualifications This text supports trainee and experienced teachers in developing exciting and engaging IT programmes for pupils 14 whether they are learning in schools adult and community education or colleges *How and Why to Read and Create Children's Digital Books* Natalia Kucirkova,2018-12-03 *How and Why to Read and Create Children s Digital Books* outlines effective ways of using digital books in early years and primary classrooms and specifies the educational potential of using digital books and apps in physical spaces and virtual communities With a particular focus on apps and personalised reading Natalia Kucirkova combines theory and practice to argue that personalised reading is only truly personalised when it is created or co created by reading communities Divided into two parts Part I suggests criteria to evaluate the educational quality of digital books and practical strategies for their use in the classroom Specific attention is paid to the ways in which

digital books can support individual children's strengths and difficulties digital literacies language and communication skills Part II explores digital books created by children their caregivers teachers and librarians and Kucirkova also offers insights into how smart toys tangibles and augmented virtual reality tools can enrich children's reading for pleasure How and Why to Read and Create Children's Digital Books is of interest to an international readership ranging from trainee or established teachers to MA level students and researchers as well as designers librarians and publishers All are inspired to approach children's reading on and with screens with an agentic perspective of creating and sharing Praise for How and Why to Read and Create Children's Digital Books This is an exciting and innovative book not least because it is freely available to read online but because its origins are in primary practice The author is an accomplished storyteller and whether you know as yet little about the value of digital literacy in the storymaking process or you are an accomplished digital player this book is full of evidence informed ideas explanations and inspiration Liz Chamberlain Open University At a time when children's reading is increasingly on screen many teachers parents and carers are seeking practical straightforward guidance on how to support children's engagement with digital books This volume written by the leading expert on personalised e books is packed with app reviews suggestions and insights from recent international research all underpinned by careful analysis of digital book features and recognition of reading as a social and cultural practice Providing accessible guidance on finding choosing sharing and creating digital books it will be welcomed by those excited by the possibilities of enthusing children about reading in the digital age Cathy Burnett Professor of Literacy and Education Sheffield Hallam University
