Transforming Teaching and Learning in Higher Education

Seng Chee Tan,Shen-Hsing Annabel Chen,2020-07-07 This book chronicles the journeys of educational researchers and academics who have engaged in research and development to improve teaching and learning at universities It highlights the research evidence approaches and in many cases the journey of transformation rather than prescribing certain principles of and approaches to effective instruction In other words it not only describes the destination but also various pathways leading

toward it Further it focuses on mechanisms for improving the approaches discussed rather than simply determining whether one works better than the other As such novice and seasoned academics and teaching staff in higher education will benefit from this book not just from the teaching and learning approaches it highlights but also from the insights into the respective journeys The research and development methods and approaches discussed here will also appeal to researchers working in teaching and learning in higher education

Improving Academic Performance and Achievement With Inclusive Learning Practices Charamba, Erasmios,Ndhlovana, Shalom Nokuthula,2025-06-06 Improving academic performance and achievement requires educational systems to adopt inclusive learning practices that recognize and accommodate the diverse needs of all students Inclusive education emphasizes equitable access to learning opportunities tailored instructional methods and supportive environments that value each learner s background abilities and learning style By implementing strategies such as differentiated instruction collaborative teaching and assistive technologies educators can foster engagement and enhance outcomes for students from various socioeconomic linguistic and ability backgrounds Further research into inclusive learning practices may promote academic success social cohesion and lifelong learning Improving Academic Performance and Achievement With Inclusive Learning Practices explores the integration of inclusive education into academic practices It examines the use of new curricula teaching methods and achievement parameters for improved academic performance across education sectors This book covers topics such as gamification multilingualism and open distance learning and is a useful resource for educators academicians researchers and scientists

Block Teaching Essentials John Weldon,Loretta Konjarski,2025-01-20 This textbook is written by an experienced team of international block teaching experts and administrators This textbook addresses the need for more research and writing on the topic and provides in depth authoritative theoretical and practical information on block teaching It covers the essentials a block educator might need to succeed in that field whether in secondary vocational and or higher education It also offers administrators insights into how the block might work in their institution This textbook comprehensively covers all aspects of the process from the pre planning exploratory stage right through to delivery in the classroom and review Written by an international team of expert block based educators and administrators the book provides clear theoretical and practical frameworks that allow for practitioners to build expertise in the design delivery and ongoing review and development of block based courses and the institutional changes needed to make this possible The chapters within are also templated making them purposeful practical and easy for educators to realize in their classrooms and for students to follow They include case studies and other didactic elements drawn from student and educator experience to provide opportunities for students to critically reflect on and practically improve their teaching philosophy and practice
