

A person wearing a colorful striped poncho and a hat is walking across a vast, cracked, and dry lake bed. The ground is a deep blue-grey color with yellowish-brown cracks forming a mosaic pattern. In the background, there are dark, silhouetted mountains under a warm, orange-hued sky, suggesting a sunset or sunrise. The overall scene is desolate and expansive.

Answers For Vistas Spanish Book:

Vistas de España Mary Elizabeth Boone, 2007-01-01 In the decades following the American Civil War and leading up to the First World War a definitive shift in power took place between Spain and the United States This original book explores American artists perceptions of Spain during this period of turmoil and demonstrates how their responses to Spanish art helped to answer emerging complex questions about American national identity M Elizabeth Boone focuses on works by Thomas Eakins Mary Cassatt William Merritt Chase John Singer Sargent Robert Henri and other American artists who traveled to Spain to study the achievements of such great masters as Murillo Velazquez and Goya The resulting American paintings some well known and others now largely forgotten provide intriguing insights not only into the 19th century American struggle to define itself as an imperial power but also into the relations between the United States and the Spanish speaking world today
