

### Analyzing Supply and Demand Headlines

For each demand headline you analyze, do the following: 1) Record the headline in the correct row. 2) Draw what will likely happen to the demand curve based on the headline. Will the demand curve shift left, right, or not at all. 3) Explain your graph. Cite and underline the demand shifter (the element of TIPSE) in your explanation. Or explain why the curve did not shift and whether the quantity demanded increased or decreased.

| Headline | Demand Curve for                                                                                   | Explanation |
