The Cosmatesque Mosaics of Westminster Abbey Warwick Rodwell,David S. Neal,2019-11-30 Westminster Abbey contains the only surviving medieval Cosmatesque mosaics outside Italy They comprise the Great Pavement in the sanctuary the pavement around the shrine of Edward the Confessor the saint s tomb and shrine Henry III s tomb the tomb of a royal child and some other pieces Surprisingly the mosaics have never before received detailed recording and analysis either

individually or as an assemblage The proposed publication in two volumes will present a holistic study of this outstanding group of monuments in their historical architectural and archaeological context The shrine of St Edward is a remarkable survival having been dismantled at the Dissolution and re erected incorrectly in 1557 under Queen Mary Large areas of missing mosaic were replaced with plaster on to which mosaic designs were carefully painted This 16th century fictive mosaic is unique in Britain Conservation of the sanctuary pavement was accompanied by full archaeological recording with every piece of mosaic decoration drawn and colored by David Neal phase plans have been prepared and stone by stone examination undertaken petrologically identifying and recording the locations of all the materials present It has revealed that both the pavements and tombs include a range of exotic stone types The Cosmati study has shed fresh light on every aspect of the unique series of monuments in Westminster Abbey this work will fill a major lacuna in our knowledge of 13th century English art of the first rank and will command international interest

The Alhambra Robert Irwin, 2012-06 The Alhambra has long been a byword for melancholy beauty In his absorbing new book Robert Irwin Arabist and novelist examines its history and allure The Alhambra is the only Muslim palace to have survived since the Middle Ages Built by a threatened dynasty of Muslim Spain it was preserved as a monument to the triumph of Christianity Every day thousands of tourists enter this magnificent site to be awestruck by its towers and courts its fountained gardens its honeycombed ceilings and intricate tile work It is a complex full of mysteries even its purpose is unclear Its sophisticated ornamentation is not indiscriminate but full of hidden meaning Its most impressive buildings were designed not by architects but by philosophers and poets The Alhambra which resembles a fairy tale palace was constructed by slave labor in an era of economic decline plague and political violence Its sumptuously appointed halls have lain witness to murder and mayhem Yet its influence on art and on literature including Orientalist painting and the architecture of cinemas Washington Irving and Jorge Luis Borges has been lasting and significant As our guide to this architectural masterpiece Robert Irwin allows us to fully understand the impact of the Alhambra

and vanished since the little cluster of unplastered stone habitations was so christened but I presume the dwellings and the people were similar in the time of Christ to those that are called Bethany now You can see through the cracks between the stones of the walls of the houses and the inhabitants are Arab peasants who the son of their sheikh declared are too lazy either to work or to steal They call the town El Aziriyeh now which is the Arabic for Lazarus whom Jesus raised from the dead According to traditions he was the local sheikh and owned the village and the land around it This is confirmed by the Scripture story Jesus made His home at the house of Lazarus probably because it was the best in the village Lazarus had a family sepulcher hewn out of the rock which is evidence of his wealth and the large number of people who attended his funeral is evidence of his influence and popularity The only cave in the village is pointed out as his tomb and is probably the place It appears to be partly natural and partly artificial the marks of the chisel being shown in the limestone walls It is reached by a flight of about twenty worn and broken steps which have been carved in the rock and lead first to an antechamber where Jesus no doubt stood when He said Lazarus come forth and the body of the dead
