Panduan Aplikatif dan Solusi Desain Arsitektur Rumah Tinggal Modern dengan ArchiCAD 12 Wahana Komputer, *ArchiCAD* Bob Martens, Herbert Peter, 2004 ArchiCAD has been on the market since 1984 and has firmly established itself as one of the best CAD software packages available With a rapidly growing base now exceeding 100 000 ArchiCAD users need to keep pace with the latest developments of this flexible

and powerful software package Ongoing product development has broadened the program's spectrum of possible applications and Bob Martens and Herbert Peter provide a comprehensive overview of its capabilities through an in depth presentation of the software and description of the many tools functions and processes that can be used in professional research and educational contexts

ArchiCAD 19 - The Definitive Guide Scott H. MacKenzie,Adam Rendek,2015-06-30

ArchiCAD 19 The Definitive Guide ensures that you are equipped with the knowledge and skills required to take up any construction project empowering you to successfully create your own projects You will create two complete projects right from scratch including a residential and a healthcare building The first is a small residential house that utilizes all the basic modeling and drafting tools in ArchiCAD It will give you a firm grip on the fundamentals of ArchiCAD before we move on to take up the more advanced and complex project that follows The second project is a multi storey healthcare building where you will explore the leading edge tools of ArchiCAD thereby gaining the skills needed to use them in your own projects The book will also take you through the design of the buildings the output of all drawings and associated construction documents Best practice tips are inserted at key points along the way

BIM Handbook Rafael Sacks,Kathleen Liston,Chuck Eastman,Paul Teicholz,2011-03-25

The BIM Handbook is an extensively researched and meticulously written book showing evidence of years of work rather than something that has been quickly put together in the course of a few months It brings together most of the current information about BIM its history as well as its potential future in one convenient place and can serve as a handy reference book on BIM for anyone who is involved in the design construction and operation of buildings and needs to know about the technologies that support it The need for such a book is indisputable and it is terrific that Chuck Eastman and his team were able to step up to the plate and make it happen Thanks to their efforts anyone in the AEC industry looking for a deeper understanding of BIM now knows exactly where to look for it
