Reading Programs for Young Adults Martha Seif Simpson, 2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs

Game Programming Patterns Robert Nystrom, 2014-11-03 The biggest challenge facing many game programmers is completing their game Most game projects fizzle out overwhelmed by the complexity of their own code Game Programming Patterns tackles that exact problem Based on years of experience in shipped AAA titles this book collects proven patterns to untangle and optimize your game organized as independent recipes so you can pick just the patterns you need You will learn how to write a robust game loop how to organize your entities using components and take advantage of the CPU's cache to improve your performance You'll dive deep into how scripting engines encode behavior how quadrees and other spatial partitions optimize your engine and how

other classic design patterns can be used in games *The Disengaged Teen* Jenny Anderson, Rebecca Winthrop, 2025-01-07

Our education systems are shortchanging far too many teenagers This book is brimming with insights on how to change that It s an engaging evidence based and practical read about how to develop a generation of lifelong learners Adam Grant 1 New York Times bestselling author of *Hidden Potential* and *Think Again* and host of the podcast *Re Thinking* A powerful toolkit for parents of both checked out and stressed out teens that shows exactly what to do and stop doing to support their academic and emotional flourishing Adolescents are hardwired to explore and grow and learning is mainly how they do this But a shocking majority of teens are disengaged from school simultaneously bored and overwhelmed This is feeding an alarming teen mental health crisis As kids get older and more independent parents often feel powerless to help But fear not there are evidence backed strategies to guide them from disengagement to drive in and out of school For the past five years award winning journalist Jenny Anderson and the Brookings Institution s global education expert Rebecca Winthrop have been investigating why so many children lose their love of learning in adolescence Now weaving extensive original research with real world stories of kids who transformed their relationships with learning they identify four modes of learning that students use to navigate through the shifting academic demands and social dynamics of middle and high school shaping the internal narratives about their skills potential and identity Resister When kids resist they struggle silently with profound feelings of inadequacy or invisibility which they communicate by ignoring homework playing sick skipping class or acting out Passenger When kids coast along consistently doing the bare minimum and complaining that classes are pointless They need help connecting school to their skills interests or learning needs Achiever When kids show up do the work and get consistently high grades their self worth can become tied to high performance Their disengagement is invisible fueling a fear of failure and putting them at risk for mental health challenges Explorer When kids are driven by internal curiosity rather than just external expectations they investigate the questions they care about and persist to achieve their goals Understanding your child s learning modes is vital for nurturing their ability to become Explorers Anderson and Winthrop outline simple yet counterintuitive parenting strategies for connecting with your child tailoring your listening and communication styles to their needs igniting their curiosity and building self awareness and emotional regulation *The Handbook of Contemporary Indigenous Architecture* Elizabeth Grant, Kelly Greenop, Albert L. Refiti, Daniel J. Glenn, 2018-06-26 This Handbook provides the first comprehensive international overview of significant contemporary Indigenous architecture practice and discourse showcasing established and emerging Indigenous authors and practitioners from Australia Aotearoa New Zealand the Pacific Islands Canada USA and other countries It captures the breadth and depth of contemporary work in the field establishes the historical and present context of the work and highlights important future directions for research and practice The topics covered include Indigenous placemaking identity cultural regeneration and Indigenous knowledges The book brings together eminent and emerging scholars and practitioners to discuss and compare major projects and design approaches to reflect on

the main issues and debates while enhancing theoretical understandings of contemporary Indigenous architecture The book is an indispensable resource for scholars students policy makers and other professionals seeking to understand the ways in which Indigenous people have a built tradition or aspire to translate their cultures into the built environment It is also an essential reference for academics and practitioners working in the field of the built environment who need up to date knowledge of current practices and discourse on Indigenous peoples and their architecture

The Sociology of Childhood and Youth in Canada Xiaobei Chen, Rebecca Raby, Patrizia Albanese, 2017-12-12 The sociology of childhood and youth has sparked international interest in recent years and yet a reader highlighting Canadian work in this field has been long overdue Filling this gap in the literature The Sociology of Childhood and Youth in Canada brings together cutting edge Canadian scholarship in this important and growing discipline Thought provoking and timely this edited collection explores a breadth of essential topics including research on and with children and youth the social construction of childhood and youth intersecting identities and citizenship rights and social engagement With a focus on social justice the contributing authors critically examine various sites of inequality in the lives of children and young people such as gender sexuality colonialism race class and disability Encouraging further development of Canadian scholarship in the sociology of childhood and youth this unique collection ensures that young people's voices are heard by involving them in the research process Pedagogical supports including learning objectives study questions suggested research assignments and a comprehensive glossary make this volume an invaluable resource for students of childhood and youth studies in Canada

Competing for Excellence in Architecture Jean-Pierre Chupin, 2017-10-01 A travel guide for those in search of architectural quality this book can be browsed in many ways Written in a clear and concise manner by about thirty authors it features a collection of editorials from the Canadian Competitions Catalogue CCC a large online digital archive open to the public since 2006 The editorials explore more than sixty Canadian architecture competitions held in the last seventy years Especially in recent years both public and private institutions have organized competitions across Canada producing hundreds of architectural urban planning and landscape design projects Together these proposals most of which remain unbuilt constitute a fantastic treasure in our tangible and intangible common heritage Given that competition organizers designers juries and critics never operate alone there is no doubt whatsoever that this book results from the collaboration of a myriad of people contributing to and competing for excellence in architecture Includes 497 illustrations and analytical tables

Gaming and Extremism Linda Schlegel, Rachel Kowert, 2024-03-21 Charting the increase in the use of games for the dissemination of extremist propaganda radicalization recruitment and mobilization this book examines the gamification of extremism Editors Linda Schlegel and Rachel Kowert bring together a range of insights from world leading experts in the field to provide the first comprehensive overview of gaming and extremism The potential nexus between gaming and extremism has become a key area of concern for researchers policymakers and practitioners seeking to prevent and counter radicalization and this book offers insights into
