Design Studio Works, Sketches & Essays Kyeong Jae Lee, 2015-02-19 I come from Seoul Korea where layers of ancient beauty and high end technology coexist The city has been evolving swiftly in ways that no single individual can fully comprehend and continues onward toward an exciting but unpredictable future I have witnessed this change and have felt overwhelmed but inspired by this wild transformation The pace of change has become a motivation for me to learn more design more and love more If a city is a jigsaw puzzle then creating architecture is like filling in the missing pieces without knowing what the entire picture should look like I used to be afraid to make a mistake thinking that a wrong move may stay and stain the beloved city for decades But then I realized that adding a piece is not just a passive process but a mutually interactive one the moment I make a move it generates a new context This revelation completely changed the way I see the world and emboldened me to be a more proactive forward thinking architect
