Are Property Brothers Gay Straight:

Liberalism Mark Dice,2018-11-13 It s as if we re living in an episode of the Twilight Zone Every day we are inundated by news reports trending topics on social media and new political movements promoting such bizarre beliefs about race gender sexuality and life in general that it s impossible in many cases to distinguish whether such ideas are serious or if they re a parody of what liberalism has become The political differences between liberals and conservatives used to be pretty well established but recently the tug of war between the Left and the Right took a dramatic and disturbing turn Modern liberalism has been replaced with new mind boggling agendas promoting the adoption of unscientific authoritarian and sociologically disastrous ideologies In attempts to accomplish their plans the Left are conspiring to end freedom of speech traditional families long cherished holidays and hope to implement a new world order Who is behind this madness What is their ultimate goal How far are they willing to go to achieve it And what can we do to stop them Bestselling author and media analyst Mark Dice takes you on a tour inside the minds of those constructing this new social landscape in his groundbreaking investigation Liberalism Find a Cure

Male Homosexuality in Modern Japan Mark J. McLelland,2000 This book is the first to look at the wide range of contrasting images of the gay male body in Japanese popular culture both mainstream and gay and relate these images to the experience of an interview sample of Japanese gay men In so doing it touches on a number of important issues including whether there can be a universal gay identity and whether or not strategies developed for increasing gay and lesbian visibility in western countries are appropriate to the social situation in Japan

Out of the Closets Karla Jay,Allen Young,1992-05 A series of essays concerning the Gay Liberation Movement from individuals and groups associated with the movement

Pervert-Schizoid-Woman Michael Williams,2016-12-14 Touching on the fields of philosophy critical theory cultural studies and queer theory Pervert Schizoid Woman critiques the organization of Western economy language and desire Author Michael Williams seeks to promote alternative frameworks for a posthumanist theory and practice of perverse selfhood and sociality In this study he identifies the capitalist economic system as structured by scarcity and supply demand dynamics discerning the paradoxical accumulation of debt as the essence of the assumed scarcity in the financial system He also uncovers the profound isomorphism between the economics of scarcity and the castration and lack at the center of the psychoanalytic interpretation of gender sexuality and desire concluding that the essential negativity in the scarcity of capitalism the absence in the structure of language and the castration in the network of desire are the sources of the dysfunctions in Western systems of finance expression and gender and sexuality

Spaghetti Sissies Queering Italian American Media Julia Heim,Sole Anatrone,2023-04-28 This contributed volume brings together personal accounts and scholarly research in an examination of the LGBTQIA Italian American experience and representation in North American media This is a population that has long been ignored both as an object of study and as a media maker and consumer Through consistent filmic representation the image of the Italian American has become archetypal leaving us with a set of

immediately recognizable characters the hyper macho blue collar greaser the anti intellectual GTL Guido the child obsessed mamma and the heteronormative mafia family The rhetorical and literal loudness of these characters drowns out other possible embodiments of Italian American identity so that few examples survive of Italian Americans that do not conform to these classed heterosexual modes of being This volume fills that void foregrounding the importance of representation and of rethinking the historical narratives and cultural stereotypes surrounding Italian American identity This book is especially designed for those with an interest in queer theory gender and sexuality studies Italian American studies and media and cultural studies

Sexualised Masculinity John Mercer, Clarissa Smith, 2025-02-10 Sexualised Masculinity Men's Bodies in 21st Century Media Culture explores evolving portrayals of masculinity in contemporary media focusing on the increasing eroticisation of the male body This book examines how traditional and digital media from films and television to social media platforms and fashion have transformed the ways masculinity is represented and perceived Through a wide array of case studies it highlights how male bodies are now sites of erotic value challenging long standing norms and expectations By exploring both global and local media John Mercer and Clarissa Smith provide insights into the shifting landscape of gender and sexuality offering a critical perspective on how masculinity is consumed performed and commodified in today's world This book is essential for students and scholars in fields such as gender studies media studies cultural studies and social history and is particularly relevant for those interested in understanding the intersections of masculinity media and sexuality in the 21st century

What's the Difference? Mike Thompson, 2002 Mike Thompson Florida's nationally acclaimed Mr Conservative unfolds a serious insightful and witty comparison of conservative and liberal politics history language ideas and culture

The African American Male, Writing, and Difference W. Lawrence Hogue, 2012-02-01 In this wide ranging analysis W Lawrence Hogue argues that African American life and history is more diverse than even African American critics generally acknowledge Focusing on literary representations of African American males in particular Hogue examines works by James Weldon Johnson William Melvin Kelley Charles Wright Nathan Heard Clarence Major James Earl Hardy and Don Belton to see how they portray middle class Christian subaltern voodoo urban jazz blues postmodern and gay African American cultures Hogue shows that this polycentric perspective can move beyond a racial uplift approach to African American literature and history and help paint a clearer picture of the rich diversity of African American life and culture
