Stopping Power J. Neil Schulman, Joseph Neil Schulman, 1994-12 Did you know that every 13 seconds one of America's 70 million gun owners uses a firearm in defense against a criminal That American women use handguns 416 times a day in defense against rapists which is a dozen times more often than rapists use a gun That a gun kept in the home for protection is 216 times as likely to be used in defense against a criminal than it is to cause the death of an innocent victim in that household These are just a few of the surprises this book has in store for anyone whose belief in gun control is based on TV news or popular magazines Award winning novelist screenwriter and journalist J Neil Schulman challenges the misinformation that pundits ranging from network anchors to ill informed doctors are promoting about guns Especially for the reader who doesn't own a gun and has never even considered buying one **Stopping Power** should be an eye opener

Arms Andrew Somerset, 2015-09-15 After a fifteen year hiatus from the world of guns journalist sports shooter and former soldier A J Somerset no longer fit in with other firearm enthusiasts There was a culture much different than the one he remembered a culture more radical less tolerant and more immovable in its beliefs as if each gun had come with a free bonus ideological Family Pack of political tenets a ready made identity To find the origins of this surprising shift Somerset began mapping the cultural history of guns and gun ownership in North America **Arms The Culture and Credo of Gun** is the brilliant result How were firearms transformed from tools used by pioneers into symbols of modern manhood Why did the NRA's focus shift from encouraging responsible gun use to lobbying against gun safety laws What is the relationship between gun ownership and racism in America How have the film television and video game industries molded our perception of gun violence When did the fear of gun seizures arise and how has it been used to benefit arms manufacturers lobbyists and the far right Few ideas divide communities as much as those involving firearms and fewer authors are able to tackle the subject with the same authority humor and intelligence Written from the unique perspective of a gun lover who's disgusted with what gun culture has become **Arms** is destined to be one of the most talked about books of the year
