Prepared by: [Your Name]

School Name: [Your Company Name]

I. Objective

Students will understand and be able to apply basic addition and subtraction skills within 100. They will also start to learn the concepts of even and odd numbers.

II. Materials

- Whiteboard and markers
- Math workbooks
- Number cards (1-100)
- Counters or small objects (e.g., beans, buttons)
- Chart paper
- Pencils and erasers
- Timer
- Educational apps or online games for technology integration

III. Warm-Up Activity (10 Minutes)

1. Begin with a quick review of counting by 2s, 5s, and 10s. Write the sequences on the board and have students recite them together.
2. Play a quick number game. Call out random numbers between 1 and 100 and have students identify whether these numbers are even or odd.
3. Use number cards to prompt students to come to the board and place the card in the correct column labeled "Even" or "Odd."

Educational Psychology Angela M. O'Donnell, Johnmarshall Reeve, Jeffrey K. Smith, 2011-12-06 Teachers help students learn develop and realize their potential To become successful in their craft teachers need to learn how to establish high quality relationships with their students and they need to learn how to implement instructional strategies that promote students learning development and potential To prepare pre service teachers for the profession the study of educational psychology can help them to better understand their students and better understand their process of teaching Such is the twofold purpose of Educational Psychology to help pre service teachers understand their future students better and to help them understand all aspects of the teaching learning situation The pursuit of these two purposes leads to the ultimate goal of this text namely to help pre service teachers become increasingly able to promote student learning development and potential when it becomes their turn to step into the classroom and take full time responsibility for their own classes

Resources in Education ,1999-10 **Transformative Social and Emotional Learning** Madora Soutter, Alessandra E. Ward, Chu N. Ly, 2025 Transformative social and emotional learning TSEL is a way of teaching that sees social and emotional learning and social justice as inextricably linked This practical guide will support teachers in centering TSEL in their work and in cultivating a commitment to justice with young children in developmentally appropriate ways The authors provide stories perspectives and concrete tools including planning resources for teachers tips on integrating TSEL into different content areas research on how to foster positive racial identity development support for integrating transformative play into the classroom a roadmap for teacher educators and advice on how to navigate barriers to doing this work The text provides specific examples that demonstrate how to implement complex concepts in accessible ways Chapters are designed to be practical though not overly prescriptive so teachers can readily adapt takeaways to their own practice Book Features Social and emotional learning grounded in equity and social justice goals Social and emotional learning is so important in all classrooms This book shows that it must be asset based contextualized in sociocultural awareness grounded in critical pedagogies and approached with an equity and social justice lens Concrete tools for a complex concept TSEL as a concept can be difficult to access for classroom teachers who are already creating so much content This book provides concrete tools and specific examples of how to implement TSEL without oversimplifying this work A foundation of social justice for young children Social justice work has traditionally focused more on adolescents This book provides tools for building a developmentally appropriate foundation for doing this work with younger changemakers pre K grade 6 This important resource is for every educator invested in carrying out social and emotional learning that challenges injustice and honors all of the different identities that our students hold Scott Seider professor Boston College **Teaching Music to Students with Differences and Disabilities** Alice M. Hammel, Roberta L. Yee, 2024-11-19 Teaching Music to Students with Differences and Disabilities A Practical Resource Second Edition helps music educators prepare plan and assess the musical

progress of all students especially those with differences and disabilities They will learn through the vignettes and lesson plans how to create musical experiences that are adaptable for every student Restoring Students' Innate Power Louise El Yaafouri,2022-03-31 This book explores the effects of trauma on newcomer students and presents stress mitigating strategies that empower these multilingual students as they transition to a new environment Diverse insights and experiences bring high powered learning spaces to life However the cultural backgrounds of newcomer students and their families can be very different from the dominant norms of the new community resulting in misalignments that constitute a persistent challenge In addition the process of arriving can exacerbate stress Entering a new school or classroom means situating oneself within a new context of language culture community and shifting personal identities This transition shock contributes to a sense of diminished power In serving these students we can't afford to leave transition shock out of our conversations about trauma We must not only stitch together pieces of culturally responsive practice and trauma informed care but also become practitioners of stress mitigating strategies that empower newcomer students We must focus instruction on our students unique identities We must restore their power In Restoring Students Innate Power newcomer educator and cultural competency expert Louise El Yaafouri presents An understanding of transition shock and how stress and trauma affect recent arrivals The four pillars of transition shock and how they affect learning How students see themselves and how the cultural aspects of their identities inform teachers work in mitigating transition shock How social emotional learning links to trauma informed practice This book isn't exclusively about trauma it's about restoring power The distinction is critical Focusing on the trauma or traumatic event roots us in the past Restoration of power moves us forward Walking by Faith Grade 2 Harcourt Religion Publishers,2002-03 **Walking by Faith Grade 2 Parish** David Haas,2002-03 *At a Glance 2nd Edition* Viv East,Linda Evans,2006-12-05 Everyone working with children should be aware of different special needs and how they can impact on learning There is no shortage of information out there but there is a shortage of time in which to research and read up on what teachers need to know This concise guide provides a wealth of information and advice in an easy to read quick to dip into format **HELPING STUDENTS WITH DISABILITIES DEVELOP SOCIAL SKILLS, ACADEMIC LANGUAGE AND LITERACY THROUGH LITERATURE STORIES, VIGNETTES, AND OTHER ACTIVITIES** Duran, Elva,Gonzales, Rachael,Park, Hyun-Sook,2016-12-05 This social skills manual will present to teachers and parents lesson plans complete with literature stories vignettes and other activities to help students with disabilities develop social skills in all their environments The general skills and social skills at work are presented within detailed lesson plans that place emphasis on the vocabulary and the different lesson plan objectives that are essential to each lesson These generic skills will enhance an individual's ability to access social contexts in which healthy engagement can occur and improve the ability to cope with challenging tasks that are encountered in daily living The diversity of instructional techniques used to facilitate content mastery include guided and differentiated instruction modeling facilitating analysis and reflection of situations

involving the appropriate and inappropriate use of key skills presentation and discussion of positive and negative consequences of each skill independent learning and connecting lessons learned to the central idea of the skills being taught These strategies are arranged in a logical order wherein the material mastered via one technique builds upon prior ones and provides a context for the next one in the instructional sequence In most cases it seems highly likely that students who are led through this sequence could not fail to acquire important information about understanding and applying these skills to their own lives This important new resource will enable professionals to be more effective in assisting students with disabilities in negotiating the many challenges in making the transition from school to the world of adult living
