Think Higher Feel Deeper Mark Gudgel,2021 Approaching the Holocaust in your classroom can be a difficult often daunting task This practical guide for English and social studies teachers features lessons learned from the author s 17 years of experience teaching the subject in public schools as well as his work with the United States Holocaust Memorial Museum Using anecdotes and empirical data Gudgel offers advice for teaching the Holocaust in a way that is nuanced socially responsible and historically accurate He provides guidance on common challenges and questions teachers will encounter such as correcting misconceptions using films and discussing genocide with secondary students While World War II grows ever more distant in the past the lessons of the Holocaust are perhaps more relevant today than ever before It may never be easy to teach about the Holocaust but it can be done in ways that make it edifying and empowering rather than causing despair This approach is as important for educators as it is for their students Book Features Uses a conversational tone with classroom examples and actionable teaching advice Designed to make a difficult topic more accessible for teachers at all levels of experience Helps teachers think about best practices through a lens of inquiry pedagogy and personal experience Focuses on what the author believes would have been most helpful when he began teaching about the Holocaust

Holocaust Memory and Youth Performance Erika

Hughes, 2024-01-25 Through an examination of children's and youth plays and performances about the Holocaust from Germany, Israel, and the United States, this book offers an entirely new way of looking at the vital role of youth performance in coping with the legacy of historical tragedy. As the first book-length critical examination of this subject, *Holocaust Memory and Youth Performance* considers plays that are produced by major theatre companies alongside performances written by young authors and pieces taken from the diaries and memoirs of those who experienced the Holocaust as children or adolescents. While youth-focused plays about the Holocaust have been in the repertoires of top professional companies throughout the world for decades and continue to be performed in theatres, schools, and community centers, they are often neglected in concentrated and comparative studies of Holocaust theatre. Erika Hughes fills this gap by examining plays including *The Diary of Anne Frank* and *Ab heur hei t Du Sara*, musicals, performances, scripts, a rock concert, a performance on Instagram, and pedagogically focused works of applied theatre, a diverse collection of performances for young audiences that tell the stories of young people who experienced the Holocaust. Adopting Hannah Arendt's notion of natality as a powerful framework, this study examines the ways in which youth theatre performances make a vital contribution to intergenerational witnessing and the collective memory of the Holocaust.
