Educating the Global Workforce for Public Health Sanjay P. Zodpey,Roger A. Harrison,Michal Grivna,John R.

Finnegan,Connie J. Evashwick,2018-03-16 Good quality management of the health system demands a critical mass of health professionals with sound technical knowledge The education that produces a workforce of appropriate size and skills is often a challenge in the delivery of quality health services Incidentally health professionals education has not kept pace with the new emerging challenges Recent globalization of health has further led to international migration of health professionals thereby leading to cross border recognition of health workers with an appropriate skill mix knowledge and competence The Lancet Commission Report of 2010 highlighted the need to develop a common strategy at a global level for postgraduate medical nursing and public health education that reaches beyond the confines of national borders and the silos of individual professions This vision would require a series of instructional and institutional reforms which should be guided by two proposed outcomes transformative learning and interdependence in education The purpose of this Research Topic is to increase the shared understanding of the current status of the education of the health workforce around the globe

particularly those working in the public health sector With this foundation further research and evaluation studies can then be done with a perspective that addresses global workforce issues impacting access prevention and care **Hamric &**

Management: A Case Study Approach, Eleventh Edition Ann Scheck McAlearney,Anthony R. Kovner,2017-09-01

Instructor Resources Instructor s Manual Today s healthcare managers face increasingly complex challenges and often must make decisions quickly When a difficult situation arises managers can no longer simply look it up online or in the management literature Properly looking it up involves knowing where and how to look appropriately framing a research question weighing valid evidence and understanding what is required to make proposed solutions work Health Services Management A Case Study Approach offers a diverse collection of case studies to help readers learn and apply key concepts

of management with an emphasis on the use of evidence in management practice The case study authors many of whom are practitioners or academics who work closely with practitioners present realistic management challenges across a variety of settings They examine potential responses to those challenges by health services managers and other stakeholders and they provide a platform for meaningful discussion of opportunities and constraints for management decision makers attempting to implement change This edition includes 60 case studies 32 of which are brand new arranged thematically into six sections The Role of the Manager Control Organizational Design Professional Integration Adaptation and Accountability The new cases include the following Better Metrics for Financial Management What Makes a Patient Centered Medical Home Doing the Right Thing When the Financials Do Not Support Palliative Care Hearing the Patient Voice Working with Patient and Family Advisers to Improve the Patient Experience Managed Care Cautionary Tale A Case Study in Risk Adjustment and Patient Dumping Learning by example is one of the oldest forms of learning and the case study approach offers a time tested way for students and healthcare professionals to develop practical skills that are not easily acquired through lectures Health Services Management has been used in classrooms since 1978 and this eleventh edition offers a fresh take on a classic text

Outdoor Leadership Bruce Martin, Mary Breunig, Mark Wagstaff, Marni Goldenberg, 2024-04-30. Outdoor Leadership Third Edition With HKPropel Access introduces students to a wide variety of theories and concepts that are integral to the understanding of outdoor leadership and it demonstrates how these concepts come to life in the field. Written by a team of internationally recognized authors, the text introduces eight core competencies that are essential to outdoor leadership: Foundational knowledge, Self-awareness and professional conduct, Decision making and judgment, Teaching and facilitation, Environmental stewardship, Program management, Safety and risk management, and Technical ability. The third edition of Outdoor Leadership effectively positions students to develop the knowledge and expertise required to excel as outdoor leaders. Along with updated references, learning activities, and chapter opening vignettes, the third edition offers the following new features: New content on intersectionality and the importance of universal design; A look at the contribution of outdoor recreation to the economy; An examination of transformative learning; and updated material on interpretive programming. Expanded content on the importance of protecting ecological resources. The text begins with the foundations of outdoor leadership: the historical and philosophical foundations of the profession and the nature of outdoor leadership as a professional practice. Historical and contemporary theories of leadership and the practical application of these theories are examined, facilitating a discussion of the roles that decision making and judgment play in real life. The text then explores the role of teaching and facilitation in outdoor leadership. Topics such as natural resource management, environmental sustainability, and program management, including program administration, safety, and risk management, expedition planning, and program evaluation, are addressed. Each chapter opens with a vignette that illustrates the practical application of outdoor leadership concepts so that students recognize the importance of the material. Throughout the text, students are introduced to various types of organizations and agencies in which outdoor leaders work. Learning activities and professional development exercises within the text encourage readers to engage in a process of self-reflection and to draw connections between theory and practice. Glossary, flashcards, and relevant forms are available via HKPropel. As students progress through the text, they will create a professional portfolio that demonstrates their competency and showcases their talents. Outdoor Leadership Third Edition With HKPropel Access is the definitive text for developing student leadership in outdoor and adventure settings. This useful resource will help aspiring outdoor leaders plan safe, enjoyable, and ecologically responsible expeditions, acquire and showcase their leadership abilities, and develop knowledge.
