Andrew Jackson Vs Henry Clay Democracy And:

Andrew Jackson vs. Henry Clay Harry L. Watson, 1998-03-15 Political rivals Andrew Jackson and Henry Clay shaped American politics during the first half of the nineteenth century Through a clear narrative and primary documents the student is introduced to the political context the language and debates of the day in which the two men arose as spokesmen for their opposing parties with widely differing views of democratic government *Andrew Jackson and the Politics of Martial Law* Matthew Warshauer, 2006-11 Lucid and well researched The New Yorker In order to win the famous battle of New Orleans Andrew Jackson believed that it was necessary to declare martial law and suspend the writ of habeas corpus In doing so he achieved both a great victory and the notoriety of being the first American general to ever suspend civil liberties in America Andrew Jackson and the Politics of Martial Law tells the history of Jackson s use of martial law and how the controversy surrounding it followed him throughout his life The work engages the age old controversy over if when and who should be able to subvert the Constitution during times of national emergency It also engages the continuing historical controversy over Jackson s political prowess and the importance of the rise of party politics during the early republic As such the book contributes to both the scholarship on Jackson and the legal and constitutional history of the intersection between the military and civilian spheres To fully understand the history of martial law and the subsequent evolution of a theory of emergency powers Matthew Warshauer asserts one must also understand the political history surrounding the discussion of civil liberties and how Jackson s stature as a political figure and his expertise as a politician influenced such debates Warshauer further explains that Abraham Lincoln cited Jackson s use of the military and suspension of civil liberties as justification for similar decisions during the Civil War During both Jackson s and Lincoln s use of martial law critics declared that such an action stood in opposition to both the Constitution and the nation s cherished republican principles of protecting liberty from dangerous power especially that of the military Supporters of martial law insisted that saving the nation became the preeminent cause when the republic was endangered At the heart of such arguments lurked the partisan maneuvering of opposing political parties Andrew Jackson and the Politics of Martial Law is a powerful examination of the history of martial law its first use in the United States and the consequent development of emergency powers for both military commanders and presidents Matthew Warshauer is associate professor of history at Central Connecticut State University He is the author of the forthcoming *Andrew Jackson First Men America s Presidents* His articles have appeared in *Tennessee Historical Quarterly* *Connecticut History* *Louisiana History* and *New York History* **Women in the Life of Andrew Jackson** Ludwig M. Deppisch, M.D., 2021-05-21 Andrew Jackson is one of the most significant and controversial United States Presidents This book follows Jackson s life and death through the lives of six women who influenced both his politics and his persona His mother Elizabeth Hutchinson Jackson introduced him to their Scots Irish heritage Jackson s wife Rachel Donelson Jackson provided emotional support and a stable household throughout her life Emily Donelson his niece was the White House

hostess for most of his presidency and was one of the few women to stand up to Jackson's overbearing nature. She along with Rachel Jackson and Mary Eaton, the wife of Jackson's Secretary of War, was also involved in the Petticoat Affair, a historic scandal that consumed the early Jackson administration. His daughter-in-law Sarah Yorke Jackson and niece Mary Eastin Polk supported Jackson in his retirement and buttressed his political legacy. These six women helped to mold, support, and temper the figure of Andrew Jackson we know today.

Abraham Lincoln's Statesmanship and the Limits of Liberal Democracy Jon D. Schaff, 2019-07-03. This bold groundbreaking study of American political development assesses the presidency of Abraham Lincoln through the lenses of governmental power, economic policy, expansion of executive power, and natural rights to show how Lincoln not only believed in the limitations of presidential power but also dedicated his presidency to restraining the scope and range of it. Though Lincoln's presidency is inextricably linked to the Civil War and he is best known for his defense of the Union and executive wartime leadership, Lincoln believed that Congress should be at the helm of public policy making. Likewise, Lincoln may have embraced limited government in vague terms but he strongly supported effective rule of law and distribution of income and wealth. Placing the Lincoln presidency within a deeper and more meaningful historical context, Abraham Lincoln's Statesmanship and the Limits of Liberal Democracy highlights Lincoln's significance in the development of American power institutions and social movement politics. Using Lincoln's prepresidential and presidential words and actions, this book argues that decent government demands a balance of competing goods and the strong statesmanship that Lincoln exemplified. Instead of relying too heavily on the will of the people and institutional solutions to help prevent tyranny, Jon D. Schaff proposes that American democracy would be better served by a moderate and prudential statesmanship such as Lincoln's, which would help limit democratic excesses. Schaff explains how Lincoln's views on prudence, moderation, natural rights, and economics contain the notion of limits, then views Lincoln's political and presidential leadership through the same lens. He compares Lincoln's views on governmental powers with the defense of unlimited government by twentieth-century progressives and shows how Lincoln's theory of labor anticipated twentieth-century distributist economic thought. Schaff's unique exploration falls squarely between historians who consider Lincoln a protoprogressive and those who say his presidency was a harbinger of industrialized, corporatized America. In analyzing Lincoln's approach, Abraham Lincoln's Statesmanship and the Limits of Liberal Democracy rejects the idea he was a revolutionary statesman and instead lifts up Lincoln's own affinity for limited presidential power, making the case for a modest approach to presidential power today based on this understanding of Lincoln's statesmanship. As a counterpoint to the contemporary landscape of bitter, uncivil politics, Schaff points to Lincoln's statesmanship as a model for better ways of engaging in politics in a democracy.

The American Presidents, Washington to Tyler Robert A. Nowlan, 2014-01-10. As of 2012, only 43 men have held the office of the President of the United States. Some have been sanctified and some reviled. This historical work addresses the careers of the first ten presidents, men who made vital contributions not only to the office of the presidency but to the course of the

fledgling nation From Washington through Tyler every term is recounted in detail and each presidential profile provides as many as a hundred quotations with full source notes by the president his friends family historians and others Each profile ends with an extensive bibliography of books about the president his principles and policies and also provides suggestion for further reading Rigorously nonpartisan in approach this detail rich text describes the early years of what may well be one of the most demanding jobs in the world *Henry Clay* James C. Klotter, 2018 Charismatic charming and one of the best orators of his era Henry Clay achieved success at many levels Yet Clay still saw presidential greatness remain a fingertip away Why This book uses new sources to provide a focused nuanced description of Clay s programs and politics and to explain why the man they called The Great Rejected never won the presidency but did win the accolades of history

Democracy, Participation and Contestation Emmanuelle Avril, Johann N Neem, 2014-08-07 The establishment of democracy on both sides of the Atlantic has not been a smooth evolution towards an idealized presumed endpoint Far from it democratization has been marked by setbacks and victories a process often referred to as contested democracy In view of recent mobilizations such as the Arab Spring and the Occupy movement in which new technologies have played a key role there is a need for a renewed analysis of the long term evolution of US and UK political systems Using new areas of research this book argues that the ideals and the practices of Anglo American democracy can be best understood by studying diverse forms of participation which go beyond classical expressions of contestation and dissent such as voting The authors analyze political parties social movements communications and social media governance cultural diversity identity politics public private actors and social cohesion to illustrate how the structure and context of popular participation play a significant role in whether and when citizens efforts have any meaningful impact on those who exercise political power In doing so the authors take crucial steps towards understanding how a vigorous public sphere and popular sovereignty can be made to work in today s global environment This book will be of interest to students and scholars of political science British and US history democracy political participation governance social movements and politics *The Politics of Corruption* David P. Callahan, 2022-07-05 The Politics of Corruption examines the U S presidential election of 1824 as a critical contest in the nation s political history full of colorful characters and brimming with unexpected twists This election inaugurated the transition from the sedate elitist elections of the Jeffersonian era and propelled developments toward the showier yet also more democratized presidential races that came to characterize Jacksonian America The Republican Party fielded all five candidates in 1824 a veritable who s who of early republic notables treasury secretary William Crawford secretary of state John Quincy Adams secretary of war John C Calhoun speaker of the House Henry Clay and War of 1812 hero Andrew Jackson This book recasts the 1824 election conventionally regarded as a dull intraparty affair as one of the most exciting contests in American history Using the correspondence and diaries of the principals involved Callahan chronicles the ways in which the five candidates innovated political practices by creating dynamic organizations sponsoring energetic newspaper networks

staging congressional legislative battles and spreading vicious personal attacks against each other In the end Calhoun s smear campaign fatally undermined front runner Crawford while self styled political outsider Jackson successfully equated regular politics with corruption yet still lost the contest to Washington s ultimate insider John Quincy Adams It was a defeat Jackson would not forget animating him to fundamentally change the ways American politics was conducted ever after

Almost President Scott Farris,2013-05-07 Veteran political journalist Scott Farris tells the stories of legendary presidential also rans from Henry Clay to Stephen Douglas from William Jennings Bryan to Thomas Dewey and from Adlai Stevenson to Al Gore He also includes concise profiles of every major candidate nominated for president who never reached the White House but who helped promote the success of American democracy Farris explains how Barry Goldwater achieved the party realignment that had eluded FDR how George McGovern paved the way for Barack Obama and how Ross Perot changed the way all presidential candidates campaign There is Al Smith the first Catholic nominee for president and Adlai Stevenson the candidate of the eggheads who remains the beau ideal of a liberal statesman And Farris explores the potential legacies of recent runners up John Kerry and John McCain The book also includes compact and evocative portraits of such men as John C Fremont the first Republican Party presidential candidate and General Winfield Scott whose loss helped guarantee the Union victory in the Civil War This new edition of *Almost President* brings the work up to date with a section that explores the results and ramifications of the 2012 presidential election [A Political History of the Tariff 1789-1861](#)

William Edmunds Benson,2010-11-18 There is no available information at this time *American Political Leaders, Third Edition* Richard Wilson,2021-10-01 Praise for previous editions accessible this book is an excellent addition to collections serving general readers high schools and undergraduates American Reference Books Annual This readable volume is recommended for high school public and undergraduate libraries Booklist an outstanding reference tool Biographical dictionaries abound in political science as in other fields but Wilson s work is more accessible benefitting from his straightforward approach and simpler organization Highly recommended Choice Recommended Library Media Connection an authoritative and readable guide serves as a helpful resource for high school college and public libraries Christian Library Journal American Political Leaders Third Edition contains 286 biographical profiles of men and women in the United States who have demonstrated their political leadership primarily by being elected nominated or appointed to significant political offices in the United States or by having attained some special prominence associated with political leadership This reference work provides students and general readers with a concise readable guide to present and past leaders in U S politics Included in this book are presidents vice presidents major party candidates for president significant third party candidates important Supreme Court justices Speakers of the U S House of Representatives senators representatives cabinet officers significant agency heads and diplomats Since much of U S political leadership involves the representation of successive waves of new groups within the U S political system special care has been taken to include the contributions of women

Nationalism Richard Allen Sauers, Jennifer L. Weber, 2010 Uses alphabetical entries to discuss the concept of nationalism and examine its growth and manifestations in American life

The Age of Jackson Tim McNeese, 2020-07-01 Andrew Jackson was one of the most controversial presidents in American History Raised in the backwoods of Appalachia he grew up amidst the violence of the Revolutionary War and carried violence with him throughout his life Though his penchant for dueling left him with a bullet lodged in his chest Jackson's combative nature served him well in his military career He quickly rose to prominence as a celebrated Indian fighter and hero of the War of 1812 and his victories against the Spanish and the Seminole in Florida led to the further expansion of the United States As president Jackson squabbled with the South over tariffs and fought to dismantle the Second Bank of the United States But his longest lasting legacy was his policy of Indian Removal Jackson signed the Indian Removal Act of 1830 which resulted in the forcible relocation of multiple tribes to territories further west a move that would become known as the Trail of Tears

In The Age of Jackson follow Andrew Jackson's progress from fighting on the frontier to governing in the White House

The American Planning Tradition Robert Fishman, 2000-06-15 Today with everything urban and public perpetually in crisis we turn towards the figures who shaped our cities and left a legacy of public spaces This work reevaluates those planners and their times in a series of essays

Encyclopedia of U.S. campaigns, elections, and electoral behavior Kenneth F. Warren, 2008-04-04 These approximately 450 articles explore all topics relevant to American political campaigns elections and electoral behaviour including some cross cultural comparisons to help place American trends in a global context

[The American South in a Global World](#) James L. Peacock, Harry L. Watson, Carrie R. Matthews, 2006-03-13 Looking beyond broad theories of globalization this volume examines the specific effects of globalizing forces on the southern United States Eighteen essays approach globalization from a variety of perspectives addressing such topics as relations between global and local communities immigration particularly of Latinos and Asians local industry in a time of globalization power and confrontation between rural and urban worlds race ethnicity and organizing for social justice and the assimilation of foreign born professionals From portraits of the political and economic positions of Latinos in Miami and Houston to the effects of mountaintop removal on West Virginia communities these snapshots of globalization across a broad southern ground help redirect the study of the South in response to how the South itself is being reshaped by globalization in the twenty first

Agrarian Elites Enrico Dal Lago, 2005-11-01 Between 1815 and 1861 American slaveholders and southern Italian landowners presided over the economic and social life of two predominantly agricultural regions the U S South and Italy s Mezzogiorno Enrico Dal Lago ingeniously compares these agrarian elites demonstrating how the study of each enhances our understanding of the other as well as of their shared nineteenth century world Agrarian Elites charts the parallel developments of plantations and latifondi in relation to changes in the world economy At the same time it examines the spread of paternalistic models of family relations and of slave and free labor management that accompanied the rise of large groups of American slaveholders and southern Italian landed proprietors in the early to mid 1800s According to Dal Lago the most articulate and enlightened members of both elites combined the pursuit of profit with the implementation of modern contractual practices in dealing with their workforces Both elites also used their economic and social power for political advantage opposing the intervention of their national governments in local affairs The search for ever better protection of their respective interests in slaveholding and landed property led ultimately to their support for the creation of two nations the Confederate States of America and the Kingdom of Italy both in 1861 Dal Lago brings together two subjects that have generated considerable debate and research systems of slave and nominally free labor and the elites who employed them and nineteenth century nationalism With its pathbreaking approach and singular and comparative insights Agrarian Elites will inform not only American and Italian studies but also the very practice of comparative history James Hamilton of South Carolina Robert Tinkler, 2004-09-01 An esteemed planter politician and military leader influential in the affairs of both South Carolina and Texas James Hamilton 1786 1857 so declined in reputation during the last twenty years of his life that his home state refused to acknowledge him when he died Robert Tinkler s superb first published biography of Hamilton conveys the enormous drama dignity and pathos that marked Hamilton s pursuit of the greatness achieved by his prominent Revolutionary era forebears and his subsequent profound reversal brought on by debt While a member of Congress during the 1820s Hamilton came to champion states interests over a strong central national government As governor of South

Carolina 1830 1832 he reached the pinnacle of his political and social glory when he presided over the Nullification Crisis of 1832 Hamilton's undoing began with a series of ill advised cotton speculations that left him deeply and very publicly in arrears by 1839 He desperately sought relief even supporting the Compromise of 1850 in hopes of monetary benefit while alienating his old allies in the process To his fellow southerners Hamilton became a scourge and embarrassment as one who compromised his political beliefs because of fiscal distress Perhaps even more than his political apostasy Hamilton's unforgivable offense may have been to remind planters of their own struggles with chronic debt Tinkler's extraordinary research into both Hamilton's life and the dynamics of reputation and debt in the antebellum South suggests that many contemporaries simply wished to forget Hamilton's plight so as to avoid facing their own financial reality Possessing the weight of tragedy James Hamilton of South Carolina documents a powerful man's achievements and the events and personal flaws that led to his fall
