Androgens and Anabolic Agents Julius A. Vida,1969 **Anabolic-Androgenic Steroids** Charles D.

Kochakian,2012-12-06 This volume was planned to provide a comprehensive survey of the role of the anabolic androgenic steroids in the vital economy exclusive of the androgenic sexual functions It seemed appropriate to bring together all of this information in an organized fashion in one volume at this time not only to serve as a source of information but also to indicate and suggest areas that need further exploration The anabolic action of the steroid hormones has gone through a period of great activity in both basic and clinical research A complete understanding of the manifold anabolic effects still remains to be elucidated and the art of clinical application is only gradually becoming apparent This volume should be useful not only to the experienced investigator in both basic and clinical research but also for the novice Furthermore it should serve as a source of information for the careful use of these steroids in certain metabolic diseases These steroids have had wide clinical

application with variable results In many instances further careful exploration is suggested Other instances have demonstrated varying degrees of usefulness NIDA Research Monograph ,1976 Anabolic Steroid Abuse Geraline C.
