Marginalized Communities in India Alan Diduck,Kirit Patel,Aruna Kumar Malik,2021-09-16 This interdisciplinary collection examines social equity and environmental justice in India It assesses the effectiveness of environmental policies and institutions in rendering justice for marginalized communities while ensuring protection of the environment It also analyses the influence of the neoliberal state and its political economies on the development and outcomes of these policies and institutions The book provides a unique perspective on environmental justice because of its consistent emphasis on social justice rather than the prevailing predominant analyses from legal or environmental perspectives It explores the themes of

effectiveness and equity as they pertain to public policy instruments such as environmental impact assessment environmental licensing and enforcement public hearings and environmental activism strategies The four interlinked dimensions of environmental justice namely recognitional justice procedural justice distributive justice and restorative justice provide the core of the book's conceptual framework The contributions draw on ideas and methods from development studies environmental geography environmental law and policy natural resource management public administration and political economy The book concludes by considering planning policy and institutional reforms and community based initiatives that are needed to promote and protect environmental justice in India Offering an important reference for researchers and scholars this book will appeal to those in law geography environmental studies natural resource management development studies sociology and political science It will also be of interest to community based researchers environmentalists and other civil society activists natural resource managers and policy makers **Hypercrime** Michael McGuire,2007-12-06

Hypercrime develops a new theoretical approach toward current reformulations in criminal behaviours in particular the phenomenon of cybercrime Emphasizing a spatialized conception of deviance one that clarifies the continuities between crime in the traditional physical context and developing spaces of interaction such as a cyberspace this book analyzes criminal behaviours in terms of the destructions degradations or incursions to a hierarchy of regions that define our social world Each chapter outlines violations to the boundaries of each of these spaces from those defined by our bodies or our property to the more subtle borders of the local and global spaces we inhabit By treating cybercrime as but one instance of various possible criminal virtualities the book develops a general theoretical framework as equally applicable to the as yet unrealized technologies of criminal behaviour of the next century as it is to those which relate to contemporary computer networks Cybercrime is thereby conceptualized as one of a variety of geometries of harm merely the latest of many that have extended opportunities for illicit gain in the physical world **Hypercrime** offers a radical critique of the narrow conceptions of cybercrime offered by current justice systems and challenges the governing presumptions about the nature of the threat posed by it Runner up for the British Society of Criminology Book Prize 2008 **The Pennsylvania School Journal**
