The Commercial Motor, 1908 [The Routledge Handbook of US Foreign Policy in the Indo-Pacific](#) Oliver Turner, Nicola Nymalm, Wali Aslam, 2022-12-30. This handbook provides a comprehensive survey of US foreign policy throughout the Indo-Pacific. Home to around 60 percent of the world's population, most of the world's largest and fastest growing economies, around half of the world's states with full nuclear capabilities and a complicated web of unresolved tensions, disputes and conflicts, the Indo-Pacific is arguably the most diverse, dynamic and contested region on Earth. US strategy there has evolved over centuries with its physical presence going broadly unchallenged since at least the middle of the last century. However, the rapid development and expanding influence of China alongside the growth of India, Indonesia, Vietnam, the Philippines and others, as well as political and economic crises and disruptions within the United States itself, mean that in recent times the US has come to occupy a newly uncertain position and perceive a range of highly unfamiliar challenges. To explore how the US has managed and continues to manage its regional history and how it approaches the modern-day landscape of an Indo-Pacific only recently normalised within international political discourse, the book contains 33 newly commissioned chapters from leading experts in the field. It does so partly with help from the more traditional realms of International Relations theory as well as more critical realms. It also unpacks US policy and strategy as it pertains to regional governments, states and multilateral institutions as well as to pressing issues including inter-state security, human rights, trade, artificial intelligence and cyber strategy. It does so in four parts: History of the US in the Indo-Pacific; Theorising US Policy and Presence in the Indo-Pacific; The US and Indo-Pacific States and Institutions; The US and Indo-Pacific Issues. The book is designed to be of interest to students and scholars of the US in the Indo-Asia-Pacific, the international relations of the Indo-Asia-Pacific and US foreign policy.
