Function Family Application

Identifying Function Families in

Example: It's only Tuesday and we've already made four calls to the gym. The gym membership is supposed to cost \$100, which is right. The other day I called the gym and they said, "We're sorry, but we're not taking any more members, so we're not taking any more calls." I'm not sure if I should be taking any more calls.

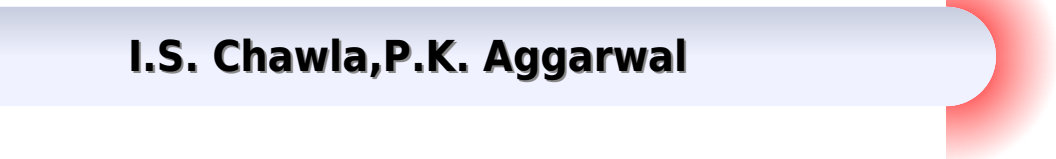

1. Name the function family. What aspects of the membership situation indicate that it belongs to that family?
2. Make a table to represent the situation.
3. Use technology to graph the function.
 - What is the x-axis?
 - What is the y-axis?
 - What is the equation of the line?
4. Does this situation have a solution? If so, explain the solution within the context of the situation.
5. Identify the independent variable in this situation.
6. Identify the dependent variable in this situation.
7. Give an example of a function in this family.
8. Does this situation have a solution? If so, explain the solution within the context of the situation.
