ultimately served serious personal and social purposes. A crucial personal purpose was Swift's ability to create a textual self which he did Wyrick maintains by constructing defensive transvestitures centered on clothes and money. These parallel sign systems produced Swift's greatest achievement in using the resources of language and history to effect political action. By using the entire Swift canon poems and prose narratives letters and essays sermons and satires Wyrick presents Swift's struggle with the inadequacies of language and its inability to answer the tremendous demands he made upon it.
