

ANSWERS TO BUSINESS LAW APPLIED QUESTIONS IN CHAPTER 15

1. a) Bennett is the owner in fee simple.
b) Bennett is the landlord and holds a right of reversion. Dodd has the leasehold estate.
c) Bennett only has the right of reversion. She has no right to enter the property. She was a trespasser. Landlords have been charged and convicted of trespassing in such situations.
2. a) Barnes is not correct. Land includes all the structures affixed to it. So, the garage was considered land and went with the sale of the property. It did not have to be specifically mentioned in the Agreement of Purchase and Sale.
3. a) No, the half interest in the house ceased and the surviving joint tenant, Jon Davis, became the sole owner. There was nothing to pass to the son.
b) Yes, that transfer would have been effective. Joint tenants can deal with their interest.
c) The son would have a tenancy in common. When a joint tenant deals with his half interest, the joint tenancy is severed and a tenancy in common is created.
4. a) No, a person cannot benefit by his criminal act. Donald would not acquire Bondi's half interest in the property.
5. a) No, the son does not become the owner of the half-interest that Ron Starr had in Lot A. The wife becomes the sole owner. Technically, Ron Starr's interest ceases. In any event, the point is that the interest of a joint tenant cannot be dealt with by will.
b) Yes, the daughter becomes the owner of an interest in Lot B. This highlights one of the differences between ownership and joint tenancy and tenancy in common. The interest of the tenant in common does not cease upon his death. Therefore, the tenant in common can deal with that interest by will.
6. a) Bello does not have the right to leave the garbage can on his own side of the driveway. Even though he owns the property, he has given an easement to Coombes to allow Coombes access. Bello therefore cannot put anything on the easement area.
b) Likewise, Coombes has no right to block the driveway. Bello has an easement for that part of the driveway on Coombes's property and Coombes only has the right to use the easement on Bello's property for access and not for parking.
7. a) Bo's Bootery gave Carr a licence to use the front of the store.
b) The owner can revoke this right. There was nothing paid for the licence.
8. a) The family assets would include the matrimonial home that is now worth \$800,000.00 and the \$100,000.00 increase in Tina's investments. The total value of family assets is \$900,000.00, so each one gets \$450,000.00.

Cracking the AP English Literature, 2004-2005 Douglas McMullen, Jr., Princeton Review, 2004. The fiercer the competition to get into college, the more schools require that students prove themselves in other ways than SAT scores and grade point averages. The more expensive college educations become, the more students take advantage of the opportunity to test out off-first year college courses. Includes 2 sample tests with full explanations for all answers. The Princeton Review's proven score raising skills and techniques. Complete subject review of all the material likely to show up on the AP English Literature exam. **A Plea for Plausibility** John R. Welch, 2023-03-17. This book develops an original theory of decision making based on the concept of plausibility. The author advocates plausible reasoning as a general philosophical method and demonstrates how it can be applied to problems in argumentation theory, scientific theory, choice, risk management, ethics, law, economics, and epistemology. Human decisions are conditioned by formidable uncertainty. The standard resource for dealing rationally with uncertainty is the mathematical concept of probability. The probability calculus is well known but since the numerical demands for applying it cannot usually be met, it is not widely applicable. By contrast, the concept of plausibility is widely applicable but it is little known. This book relies on a generalized concept of plausibility whose strength is its adaptability. The adaptability is due to a novel form of decision theory that takes plausibilities as inputs. This form of decision theory remains applicable to decisions informed by sharp probabilities and utilities but it can also be applied to decisions that must be made without them. It can aid in the rationally critical enterprise of discriminating good arguments from bad and this can foster philosophical progress. A Plea for Plausibility will be of interest to scholars and advanced students working in argumentation theory, philosophy of science, ethics, epistemology, economics, law, and risk management. **Proposed Mellon-Dreyfus Merger** United States.
