

The background of the book cover is a vibrant abstract composition. It features a deep blue field overlaid with various geometric shapes and lines drawn in a white, chalk-like texture. In the top right, there are several concentric, overlapping circles and spirals. A large, solid red triangle is positioned in the upper left. Another large red triangle is in the lower right, with a smaller white triangle nested inside it. A horizontal line with a small circle in the middle spans across the lower part of the cover. Other smaller red and white geometric forms are scattered throughout, creating a dynamic and artistic visual field.

The new edition comes along with thoroughly improvised chapters on Narrative Inquiry for Teacher Development (Chapter 13) and Mass Media Language Attitudes and Language Interaction Phenomena (Chapter 23) to provide an insight on the innovative approaches in Teacher training and in classrooms and new approaches and changing language dimensions in the world of media and in general. The Roles of Language in CLIL Ana Llinares, Tom Morton, Rachel Whittaker, 2012-03-15

This book provides a theoretically based approach to the integration of language and content in primary and secondary contexts. Drawing on their wide experience as CLIL educators and researchers, the authors explore data collected in real CLIL classrooms from two interrelated perspectives: the CLIL classroom as an interactional context for developing language and content and the genres and registers through which the meanings of the different academic subjects are enacted. From the analysis of this corpus of data, the authors provide a rich description of how CLIL students' language works and may be expected to develop. Also
