Contract Great Britain: Parliament: House of Commons: Committee of Public Accounts,2012-12-14 Before January 2012 the Ministry generally booked interpretation services directly with individual interpreters many of whom were listed on the National Register of Public Service Interpreters NRPSI This approach was administratively inefficient and the Ministry decided to set up a new centralised procurement system The Ministry awarded the contract to a company ALS that was clearly incapable of delivering Despite having been warned that ALS was too small to shoulder a contract worth more than 1 million it went ahead and handed them an annual 42 million national contract The Ministry did not understand its own basic requirements and ignored the views of interpreters who had serious concerns about the contract Capita took over ALS in late 2011 The Ministry needed access to 1 200 interpreters when the contract went live but the company had only 280 properly assessed interpreters willing to work for it The Ministry though still decided to go live nationally in one go Many of the interpreters it thought were available had simply registered an interest on the company s website and had been subject to no official checks As a result the company was able to meet only 58% of bookings causing a sharp rise in delayed postponed and abandoned trials individuals being kept on remand solely because no interpreter was available and the quality of interpreters has at times been appalling However Capita has only been fined 2 200 to date for failing to meet the terms of the contract Capita ALS is now fulfilling more bookings but it is still struggling
