Alice's Adventures in Wonderland Lewis Carroll, 1898 **Alice's Adventures in Wonderland and Through the Looking Glass** Carroll L., 2018 Lewis Carroll was the pen name of Charles L. Dodgson English writer, mathematician and photographer. This volume includes both of his most famous writings: Alice's Adventures in Wonderland and its sequel Through the Looking Glass. They tell a story of adventures of a girl named Alice in fantasy worlds full of wonderful and peculiar creatures. Both of these works were considered children's novels that were satirical in nature. The tales play with logic, giving these stories lasting popularity with adults as well as with children. *A Majority of One* Francis Augustine Harris, 1892 **Alice's Adventures in Wonderland And, Through the Looking Glass** Lewis Carroll, 1894 **The Alice Books and the Contested Ground of the Natural World** Laura White, 2017-06-26 Though popular opinion would have us see Alice's Adventures in Wonderland and Through the Looking Glass and What Alice Found There as whimsical, nonsensical and thoroughly enjoyable stories told mostly for children, contemporary research has shown us there is a vastly greater depth to the stories than would be seen at first glance. Building on the now popular idea amongst Alice enthusiasts that the Alice books at heart were intended for adults as well as children, Laura White takes current research in a new, fascinating direction. During the Victorian era of the book's original publication, ideas about nature and our relation to nature were changing drastically. The Alice Books and the Contested Ground of the Natural World argues that Lewis Carroll used the book's charm, wit and often puzzling conclusions to counter the emerging tendencies of the time which favored Darwinism and theories of evolution and challenged the then conventional thinking of the relationship between mankind and nature. Though a scientist and ardent student of nature himself, Carroll used his famously playful language, fantastic worlds and brilliant, often impossible characters to support more the traditional Christian ideology of the time in which mankind holds absolute sovereignty over animals and nature. *Favorite Flies and Their Histories* Mary Orvis Marbury, 1892 **Acted Dramas** Henry Spicer, 2025-07-09 Reprint of the original first published in 1875. The Antigonos publishing house specialises in the publication of reprints of historical books. We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage. [Annual Report on British New Guinea](#) British New Guinea. Administrator, 1893 [Design Theory, Language and Architectural Space in Lewis Carroll](#) Caroline Dionne, 2023-07-31 This volume offers spatial theories of the emergent based on a careful, close reading of the complete works of nineteenth-century writer and mathematician Lewis Carroll, from his nonsense fiction to his work on logic and geometry, including his two short pamphlets on architecture. Drawing on selected key moments in our philosophical tradition, including phenomenology and sociospatial theories, Caroline Dionne interrogates the relationship between words and spaces, highlighting the crucial role of language in processes of placemaking. Through an interdisciplinary method that relates literary and language theories to theories of

space and placemaking with emphasis on the social and political experience of architectural spaces Dionne investigates Carroll's most famous children's books Alice's Adventures in Wonderland and Through the Looking Glass and What Alice Found There in relation to his lesser known publications on geometry and architecture The book will be of interest to scholars working in design theory design history architecture and literary theory and criticism *Semiotics and Linguistics in Alice's Worlds* Rachel Fordyce, Carla Marella, 2012-05-02 No detailed description available for Semiotics and Linguistics in Alice's Worlds **Annual Report on British New Guinea from ... with Appendices** Papua, 1898 *Votes & Proceedings* New South Wales.
