If you are a strong teacher of writing but are not seeing results from your students, this book is for you. Authors Kristin Ackerman and Jennifer McDonough have been teaching writing for several years and know that conferring can be a murky and messy process, perhaps the hardest component of all. Written from the lessons they've learned through hard-won classroom experience, their mistakes and challenges, *Conferring with Young Writers* is based on what Kristin and Jen call the three Fs: frequency, focus, and follow-up. This book will help writing teachers and students learn to break down and utilize the qualities that enable good writing: elaboration, voice, structure, conventions, and focus. The authors also
