Christopher L Magee the boss of Pittsburgh machine politics to Thomas A Armstrong the tireless editor of the National Labor Tribune from the Laird of Skibo himself Andrew Carnegie to the labor leader and mayor of Homestead Old Beeswax Thomas W Taylor Krause shows how all these lives became intertwined often in surprising and unpredictable ways as the drama of the lockout unfolded As the nineteenth century was drawing to a close the Homestead Lockout dramatized the all important question Can the land of industry and technological innovation continue to be the land of the free Can material progress with its inevitable social and economic inequities be made compatible with the American commitment to democracy for all Twentieth century history has demonstrated all too clearly the intensity of this dilemma In addressing some of the thorniest issues of the last century The Battle for Homestead demonstrates the enduring legacy and relevance of Homestead over a century later
